

## **Medical Good Samaritan Policy**

### *Individual*

If a member assists another person in obtaining immediate and appropriate medical care related to the use or consumption of alcohol, drugs, or to another medical emergency, by calling 911, then that member, as well as those who are assisted, will not be subject to individual disciplinary action from the Executive Council of Psi Upsilon with respect to the incident. This is the case even if the member who is assisting was a contributing factor to that emergency. Abuse of the policy may receive stricter scrutiny.

### *Chapter*

A chapter that seeks immediate and appropriate medical care for a person in need related to the use or consumption of alcohol, drugs, or to another medical emergency, by calling 911, may be eligible for mitigation of charges from the Executive Council of Psi Upsilon related to violations of organizational policies. To be eligible for this potential mitigation, the chapter will be required to meet in person or by phone with an international staff member or an alumni volunteer designated by the Executive Council. Abuse of the policy may receive stricter scrutiny.
