And Whereas, This Convention, after reading the petition and hearing the report of the Committee on New Business and the remarks of the members of this Convention and of the AZTEC CLUB, is convinced that the University of Illinois is an educational institution of high standing, and the establishment of a Chapter there would add strength to the Fraternity, and is also convinced that the members of the AZTEC CLUB, not only by their characters as men, but by their high ideals of fraternal intercourse and their steadfast devotion to PSI UPSILON, have proved themselves to be worthy to become members of such a Chapter ;

Resolved, That this Convention hereby votes in favor of the proposition for the establishment of such new Chapter and hereby lays the proposition before the Fraternity.

Further Resolved, That the Secretary of the Council be and he is hereby authorized and directed forthwith to send a copy of this Resolution to each of the several Chapters, with the request that each Chapter forthwith vote on the proposition for establishing such new Chapter and send to the Executive Council a report as to whether or not it ratifies the same.

SPECIAL RESOLUTIONS

Special Resolution No. 1—Resolved, That the Convention returns its sincere thanks to the UPSILON Chapter of Psi Upsilon for its generous hospitality.

Special Resolution No. 2—Resolved, That the Convention returns its sincere thanks to the Rochester Chapter of ALPHA DELTA PHI for its generous hospitality, and that a proper letter of acknowledgement be transmitted to that Chapter by the Recorder.

Special Resolution No. 4—Resolved, That this, the Sixty-eighth Convention of the Fraternity, put itself on record as acknowledging the very efficient work on the Council of Brother George Welling Giddings (*Lambda '92*), and Brother John Vosburg Irwin (*Delta '94*).

be inserted in the new edition besides Brother Hovey's "Stein Song" and the *Rho* "Owl Song," so deservedly popular throughout the Fraternity. The book might easily have been ready for distribution at this time were it not for complications as to the copyrights of the two songs just mentioned. Both Brother Harrington and Brother Bridgman have endeavored to secure permission from Oliver Ditson & Co., the publishers, to use the music for these songs, but after long negotiations have recently been informed that the present business policy of the publishers forbids the courtesy formerly extended with respect to copyrights. The council still hope that some arrangement may yet be made whereby the Fraternity may secure the privilege of publishing in their new book these very desirable songs with the accompanying music. The editor recommends that the same cover and loose style of binding should be repeated in the new edition, with possibly an equally light but better quality of paper. There seems no reason why the book cannot go to press in season to be ready for the opening of the next college year.

CONSTITUTIONAL AMENDMENTS. The amendment of Section 8, Article VI, adopted by the Convention of 1906 (*General Resolution No. 5*), and the amendment of Section 6, Article II, adopted by the Convention of 1907 (*General Resolution No. 2*) have been duly submitted to the Chapters and no objection thereto has been reported from any Chapter. Under the provisions of Article X of the Constitution the amendments are now in force. In connection with the amendment of Section 8, Article VI, relating to the discipline of members, the attention of the Chapters is called to *General Resolution No. 6*, of 1906, presenting an appropriate form of By-Law to secure due notice before expulsion. Under the amendment of Section 6, Article II, the Council will hereafter be composed of ten members instead of five, and the present Convention will inaugurate the new system.

FRATERNITY BULLETIN. In view of the proposed enlargement of the membership of the Council it was thought best to leave to the incoming board the matter of providing for the publication of the Bulletin contemplated by *General Resolution No. 5* of 1907.

AZTEC CLUB. At the last Convention the matter of granting a Chapter of the Fraternity to the AZTEC CLUB of the University of Illinois was to be referred to the Chapters during the year. No petition was then before the Convention and none was received in time for submission to the Chapters. Brother Nightingale (*Phi '95*), who addressed the delegates last year, simply urged the Chapters "to prepare themselves for a careful

consideration of a petition if one should be received at the next Convention" (Records, 1907, page 9). During the year the matter has been considered by the Chapters and a petition from the AZTEC CLUB has recently been received by the Council and is herewith submitted.

CHI DELTA PSI. The Council has been advised that representatives of the CHI DELTA PSI society of Toronto University, Canada, will be in Rochester during the present Convention and would like to be heard on the question of establishing a Chapter at Toronto. If the Convention can conveniently afford the representatives a hearing the Council would recommend that the usual courtesy be extended.

LETTER FROM BROTHER SMILEY. A letter recently received from Brother Charles W. Smiley, (Xi '74) and a communication from him addressed to the Convention in relation to establishing a Chapter at Leland Stanford University are herewith submitted.

TREASURER'S REPORT. The report of the Treasurer is submitted herewith.

RECOMMENDATIONS. The Council would respectfully urge :

That all the Chapters strictly observe the provisions adopted by the Convention of 1902 with respect to MASTERS OF THE ROLLS. The importance and value of accurate Chapter records increase with the growth of the Fraternity.

That in view of the approaching Seventy-fifth Anniversary of the founding of the Fraternity special effort be made for suitable celebration of the event by all the Chapters and Alumni Associations.

THE NEW COUNCIL. We invite a moment's consideration to a few facts indicating the progress of the Fraternity in the thirty-nine years since the constitution of 1869 was adopted. During that period there have been thirty-six members of the Council and thirty-nine annual Conventions. The roll of the Fraternity has grown from 3,525 to 11,078. Nine new Chapters have been added and two Chapters (*Alpha* and *Omega*) have surrendered their charters. Four catalogues and five editions of the song book have been published and the Constitution has been handsomely printed. The insignia of the Fraternity and of the Chapters have been prepared and published. A uniform badge has been adopted and a Fraternity jeweler appointed. New Chapter houses have been established and are still building. Members of the Fraternity have attained deserved distinction and eminence in every honorable and useful walk of life and to-day the Fraternity in its seventy-fifth year is more vigorous and flourishing than ever before in its history.

It is a matter of profound satisfaction that the four Founders who were members of the Class of '36 lived to enjoy the successful fruition of their early inspiration, and three of them survived until after 1900. During the past year suitable tablets to the memory of the seven Founders have been installed in all the Chapters.

The best wish that the Council of Five can express to the Council of Ten is that they may always enjoy the same hearty support and cooperation of the active and retired members of the Fraternity that have been so freely accorded to their predecessors.

May 13, 1908

Respectfully submitted,

HERBERT L. BRIDGMAN
GEORGE S. COLEMAN
GEORGE HENRY FOX
GEORGE WELLING GIDDINGS
JOHN V. IRWIN

PSI Upsilon FRATERNITY

Please attach the enclosed letter to the Annual Communication of the Executive Council to the Convention of 1908, and so present it officially to the Fraternity. If any Eastern Ψ . (APPENDIX E¹)

COMMUNICATION FROM BROTHER SMILEY

BERKELEY, California, April, 18, 1908.

To the 68th Convention of the Psi Upsilon Fraternity:

Since March, 1905, I have lived under the eaves of the University of California, going on and off the campus almost daily during these years. Today the campus is a lonely place. Everybody has gone to Stanford University to the Annual track meet. When the meet closes the Psi U's will at once take trains going away, but what the other fraternity men will do may be read in to-day's *Berkeley Reporter* as follows:

"A large representation from the University of California will visit Stanford to be present at the track meet. Many of this number will spend the week-end there as guests at their fraternity homes or of friends in that college.

The Stanford chapter of the —— fraternity has issued invitations for a dance to be given in its fine new home in Palo Alto. With the double attraction of the meet and dance, a large number of the —— fraternity men of the University of California will go to Stanford."

To the fraternity men whose fraternities are represented in both Universities, this going back and forth is of immense enjoyment and profit. There are a dozen such occasions each year. There also are joint dinners in San Francisco every season. Consider the impression upon San Francisco of two chapters with their alumni in comparison with one chapter and a few alumni holding any public function. The last S. F. dinner of Psi U. was not even mentioned in any of the papers. At an initiation in the East I have often met representatives of six to ten chapters. Here I can see no undergraduate visiting the lonely *Epsilon*. If you will recall the condition of the *Theta* before the *Delta* was organized you will see the present condition of the *Epsilon*. As Stanford is so near by, the isolation of the *E.* is emphasized. I feel this in behalf of the boys here much more than they seem to feel it for themselves. Besides, they seem diffident about asking the Fraternity to remedy this disadvantage. I am writing without their knowledge, and because I love the Dear Old Psi U.

My own idea is that the Annual Convention should show its love for the *E.* by taking the initiative towards helping the *E.* out of its aloneness by appointing a Committee and requesting that Committee at the earliest opportunity to arrange for a Chapter of $\Psi. \Upsilon.$ at Stanford. This means that as soon as that committee certifies to an Annual Convention that it has a proper nucleus for a chapter the Fraternity will present it with a
