PSI U'S ON THE FOOTBALL FIELD

AS HAS been the case for years, most college football teams where there is a chapter of Psi Upsilon, usually find that our Fraternity supplies its share of gridiron material. This year has been no exception, and since we have managed to secure information on and several pictures of some of Psi U's outstanding pigskin toters for 1936, we are taking this opportunity to acquaint our less athletically inclined Brethren with their exploits.

Charles "Bud" Wilkinson, Mu '37

Generally conceded by experts to be the greatest team of 1936, the University of Minnesota eleven was a collection of many fine players. One of them was Charles "Bud" Wilkinson, Mu '37.

Football fans at the U of M sighed with regret when Charles "Bud" Wilkinson finished his career as a football star at the close of the season this fall. For two years a regular guard on the Gopher team, last spring Bud was transformed into a quarterback, and with only the benefit of a few weeks' practice, turned in a stellar performance in every single game of the year. A superlative blocker, an excellent pass-receiver, and a capable field general, Bud was picked on many All-Conference and All-American teams. He was voted the outstanding player on the field when the Gophers played Washington at Seattle. He snatched a tie away from Nebraska when he lateralled to Uram in the last sixty seconds of that game for a thrilling score. He intercepted many passes in strategic moments and got away for several long runs. Too much credit cannot be given to Bud for the way in which he took over a new position and made good. Bud is now playing hockey, and will take up his clubs for golf in the spring. The Chapter and all other Psi U's everywhere are proud of Bud as an athlete and a gentleman.

Three Psi U's on California Eleven

Brother Floyd Blower is a senior, and although he has played his last Big Game for the California Varsity, his record as a cool field

general, a brilliant runner and passer, will not soon be forgotten—either by teammates or by the fans.

Brother Vard Stacton has one more year of eligibility—one more year to bolster the forward wall of the football team. His brilliant work at guard has made him one of the old reliables of the team—a sixty-minute man of real dependability.

The youngest of this trio is Brother David Anderson, a sophomore fullback, who played almost the full sixty minutes in his first game against Stanford. Big Dave is a hard charging backfield man, equally stalwart as a blocker, runner, or defensive back.

Davis to Captain Dartmouth Eleven

At a meeting of the football lettermen on December 1, Brother Merrill Davis was elected captain of the 1937 Dartmouth football team. Brother Davis comes from Bradford, Pennsylvania. He prep-ed at Peddie where he played tackle for a year then end for a year. He played freshman football here and was on the varsity squad in his sophomore year; this year he started the games at right end, pairing with Brother Merrill '37 to make one of the best pair of all around ends in the East. Brother Davis has been president of his class for two years, and in his sophomore year was president of the sophomore society. During his freshman year, besides playing spring football, he was a member of the freshman track team as a broad jumper, while last year he took up boxing and became one of the best heavy-weight boxers in the college. Brother Davis has a commendable record, we are proud of him and wish him all the luck possible.

Griffith Starred for Bowdoin

Brother Griffith started his football at Bowdoin as captain of the freshman team, and during that year played halfback. Graduating to the varsity ranks, he filled up a vacant guard position and at that position won a berth on the All State team. Under Adam Walsh, George was shifted to tackle, and this time earned a position on the All New England team as well as the All State aggregation. And again this year Brother Griffith was selected as the state guard. Griff has been placed on so many All opponent teams that it has

become a tradition. Coach Walsh says of him, "I'll venture to say that he would have made any team in the country a grand guard, we had to use him at tackle."

Bob Babcock Outstanding for Rochester

Termed variously "swivel hips," "will o' the wisp" and "whippet" by sport writers, Bob Babcock is one of the greatest backs the University has ever seen. Field general and undisputedly triple-threat, with especial emphasis upon running, he ranked among the first ten leading scorers of the east. Columns have been written just about his various methods of eluding tacklers. Weighing 154 pounds, he depended on sheer speed and elusiveness to get him through "the stone wall the line calls a hole." Especially brilliant and beautiful to watch was Babcock's open field running and clever execution of lateral passes. It may be said also that he is not only an athlete, but ranks very high in scholarship, leadership, and the minds of his friends.

The Versatile Mr. Chesley of the Tau

Not only does Brother Castleman "Bit" Chesley play a brand of football for Pennsylvania which would warm any coach's heart but he has taken his place behind the footlights as the leading comedian in "This Mad Whirl," Mask and Wig Club production of the University of Pennsylvania. Playing a varsity guard position since his sophomore days, Brother Chesley has also found time to be an efficient and loyal president of the Tau Chapter.

MORE "ANCIENT" HISTORY

TAKEN FROM THE DIAMOND FILES FIFTEEN,
TEN AND FIVE YEARS AGO

JANUARY, 1922

The Psi Upsilon Club of New York City once again moved into its new home, this time at 28 East 39 St. Unfortunately this latest effort to establish a real club in New York resulted in failure, and some years later the club was forced to close its doors.

* * *

Psi Upsilon's Executive Council appointed Herbert L. Bridgeman, Earl D. Babst and R. Bourke Corcoran as delegates to the 13th Annual Interfraternity Conference. Like the Psi U Club, our membership in this organization did not last very long. A short time later the Fraternity withdrew, and has remained out of the Conference ever since.

* * *

The Editor of *The Diamond* received letters from Reinald Werenrath, Delta '05, who was in Tokyo, and from Ernest W. Clement, Omega '80 who was in Singapore.

* * *

Deaths noted in this issue of *The Diamond*: R. Nelson Bennett, Xi '97 was killed in an automobile accident on his way to the Xi initiation; Lewis M. Iddings, longtime secretary of the American Embassy at Rome; Colonel William C. Sanger, Iota '67 who was Assistant Secretary of War 1901-1903.

JANUARY, 1927

The Beta Chapter, forced by an extensive building program at Yale, decided to build a new Chapter House.

* * *

November 13, 1926 marked the 50th anniversary of Edward Newton, colored servant of the Chi Chapter. Mr. Newton was ac-

corded fitting honors by the Chi Alumni. He died several years later.

* * *

Alumni in the news at this time included:

Henry N. Woolman, Tau '96, was elected President of the General Alumni Society of the University of Pennsylvania; Deems Taylor, Delta '06, had recently completed a new tone poem which was played for the first time at Carnegie Hall, New York by Walter Damrosch's New York Symphony Orchestra.

* * *

Deaths: George Loveless Amerman, Beta '90, distinguished scholar and industrialist; Dr. Oliver Hurd Everett, Alpha '73, a surgeon; Allan Chase McCullough, Rho '18, a member of the Board of Editors of *The Diamond*.

JANUARY, 1932

One of the first articles in the issue was an "Appreciation to George H. Moses, Zeta '90" written by Charles P. Spooner, Rho '94. The article referred to Brother Moses as a "representative of one of our oldest and finest colleges, and always ready to serve his Country and his Fraternity."

* * *

At the age of eighty-one, Edward Martindale, Theta '36, one of the last of the founders of the Fraternity, acknowledged a reception for him at the installation of the Mu Chapter, May 4, 1898. The *Diamond* printed his speech made at this time.

* * *

News of Alumni at the time: Dr. Nicholas Murray Butler, Lambda '82 was awarded the Nobel Peace Prize; It was disclosed that the head of Chicago's "Secret Six," famed crime fighting organization, was Colonel Robert I. Randolph, Chi '07; Henry B. Van Duzer, Theta '96 was named first Citizen of Portland, Oregon

for 1931; Alfred C. B. Fletcher, Epsilon '07 went down with the ill fated *Vestris* leaving the memoirs of his last round the world cruise.

* * *

In scholarship, the Sigma stood 19th out of 20, but number 20 was DKE. At Syracuse the Pi was 14th out of 32, and at Michigan the Phi ranked 46 out of 60 organizations.

* * *

Death took Walter Burgess, Alpha '72, dean of New England Yachtsmen; James R. Goffe, Phi '72, a brilliant physician; William B. Gwinnell, former President of the Newark Chamber of Commerce; and Louis K. Hall, Beta '83. Minneapolis financier.

WILBUR L. CROSS, BETA '85—FOUR TIMES GOVERNOR OF THE STATE OF CONNECTICUT

IN THE Democratic Landslide of 1936 Governor Cross was swept into office for the fourth consecutive time. It is extremely unlikely, however, that the fact that it was a Democratic year, had much to do with his reëlection, because Governor Cross is one of the most popular and able administrators the State has ever had.

Wilbur Lucius Cross was born in the Town of Mansfield, Connecticut, on April 10, 1862. He spent his early days in Mansfield, where he went to school, tended store, and raised fancy chickens. After graduating from the Natchaug High School in Willimantic, he entered Yale University, where he graduated in 1885. He married Miss Helen Avery of Willimantic in 1889, and entered the teaching profession as a career, first in Westport, Connecticut, then in Pittsburgh.

Professor at Yale

He later became Sterling Professor of English at Yale, Dean of the Yale Graduate School, and Editor of the *Yale Review* which position he continues to hold. He is an authority on the English Novel, about which he has written several books. Governor Cross has received honorary degrees from Yale University, the University of Southern California, Columbia, Brown, University of Michigan, Harvard and Union. He is a Chevalier of the French Legion of Honor and Chancellor of the American Academy of Arts & Letters.

Governor Cross was first elected to the governorship in 1930, and subsequently reëlected in 1932 and 1934. Renominated again in September, 1936, he will soon begin his fourth term. Previous to his election to the governorship, he had held no public office. His administration of the state government has been highly regarded by members of all political faiths and the people generally.

*Howard McPhee, Zeta Zeta '38, Is Co-holder of
the World's Record in the Hundred
Metre Sprint*

Although it has been kept a deep, dark secret from most of us, it is an established fact that Howie McPhee, Zeta Zeta '38, ran the hundred metre sprint last summer in the world's record time of 10.3 seconds which is just as fast as anybody else has ever run the event.

On a hot July day last summer at Hastings Park, Vancouver, Brother Howie McPhee, Zeta Zeta '38, knelt at the starting-line in a hundred metre sprint with four of the fastest trackmen in the Pacific Northwest.

Off at the crack of the gun, Brother McPhee flew down the cinder lanes and in a last smashing sprint that brought the crowd of 7,000 to its feet, breasted the tape yards ahead of his nearest opponent.

Panting but happy, McPhee went out into the center of the track to climb into his sweat-suit. As he bent over to untie a knot in his running "spikes," he was surprised to hear the announcer say "Ladies and gentlemen, McPhee's time in that race 10.3 seconds—tying the world's record"!

All Five Times Agree

Howie grinned. "Gosh," he said, "I can't believe it. There must be something wrong with their watches."

But there was nothing wrong with the watches of the five judges, all of whom caught him in the same time. Brother McPhee's mark was forwarded to the annual meeting of the Amateur Athletic Union of Canada in November and was formally and officially approved, and written into the record books.

Thus does one of the keenest and most loyal Psi U Brothers join Frank Metcalfe, Eddie Tolan and Jesse Owens as co-holders of the world's record for the 100-metre sprint, and establish his claim to the title of one of the "World's Fastest Humans"!

HOW THE CHAPTERS STAND IN SCHOLARSHIP

SOME GOOD—SOME BAD—SOME INDIFFERENT

SINCE this publication “changed hands” three years ago, little or no space has been devoted to the scholastic activities of our Chapters. There was no special reason for this neglect except that the Editor did not get around to securing the necessary information for an article. We are now prepared, however, to furnish complete facts about the standings of many of our Chapters, which, we trust will be of some interest.

Perhaps before we begin to delve into facts and figures, it might be well to make a few remarks about fraternity scholarship in general, and Psi Upsilon records in particular.

About five years ago, a Psi U Alumnus who lives in the town in which his college is located, and who is in very close contact with his Chapter made an observation which, in our opinion, is well worth repeating.

An Interesting Observation

It was around Initiation time, and several of the Alumni who were not very close to the Chapter, but who were interested in its welfare, inquired about the general condition of the Chapter.

“Well,” the response was, “Their drinking is in the middle, and so is their scholarship.” We might add that this was exactly the case, and that the Chapter in question was admired and respected at the time both by other fraternities and by the Administration.

The last thing The *Diamond* wishes to do is to encourage drinking or discourage scholastic effort, but we are perfectly willing to say that there is a lot more than scholarship to be gained from a college education, and that a few drinks in college never did anybody much harm, provided he used his head about it.

Undoubtedly some of the Brothers will disagree, strongly with the above observations, but we are nevertheless quite sure that they hold true in the great majority of cases.

At any rate, here are a few facts and observations about the scholastic standing of our Chapters in a number of the colleges:

SENATOR THEODORE FRANCIS GREEN, SIGMA '87

FORMER GOVERNOR OF RHODE ISLAND IS
PSI UPSILON'S FIRST NEW DEAL SENATOR

NOT since the days of the two Old Guard Senators, George Moses, Zeta '90, and Hiram Bingham, Beta '98, were making history in the Upper House of the United States Congress, has Psi Upsilon been represented in that august body. Now, with the recent Democratic landslide, Theodore Francis Green has been chosen by the people of Rhode Island to represent them there.

The *Diamond* as a publication, naturally has no political opinions, although the Editor has some very definite beliefs along these lines. All we are interested in is reporting as faithfully as possible the activities of as many members of our Fraternity as possible, and, in case anyone should have the wrong impression, we herewith state once and for all, that politics has absolutely no place in this publication.

A Loyal Psi U

We happen to know, however, that Brother Green is a warm Psi U, and that his interest in the Fraternity has never waned. When we wrote him asking for information about himself, he sent us what we asked for, and more, by return mail. That sort of thing, from a man who is as busy as he is, certainly makes editing this magazine a real pleasure.

Primarily Senator Green is a lawyer, having been associated with a firm in Providence for many years until its dissolution in 1926. But he has had experience in many other lines. At one time he was a professor of Roman Law at his Alma Mater; he has studied extensively at foreign universities; and he was a lieutenant in the Spanish-American War.

Many times has he been a delegate to the Democratic National Convention, and three times did he narrowly miss being elected Governor of his State (1912, 1928, and 1930) before being elected in 1932 and again in 1934.

Brother Green's legal ability gained him positions as receiver for several railway and traction companies, at different times, and for twelve years he was president of J & P Coats (R.I.), Inc. For twenty-nine years he was a trustee of Brown University, and for eleven, president of the Psi Upsilon Club of Providence. He has long been interested in real estate operations, and his active membership in civic organizations has made him a particularly useful citizen to the community.

Active in Many Organizations

During the World War, Brother Green, was a directing member of innumerable organizations designed to preserve our defenses on this side of the water.

He is a member of Board of Fellows, Brown University since 1929; Chairman, Committee on Lectureships, Brown University; Trustee of Rhode Island School of Design since 1900, and Vice-President since 1907; Trustee, Providence Public Library since 1903, and Secretary since 1908; Chairman of Board of Directors of Morris Plan Company (of Rhode Island) since 1915; Director, Morris Plan Insurance Society (of New York); Director and President, Netop Land Company; Member Board of Governors, Morris Plan Bankers Association (National); Director and President, The John Thayer Company; Charter Member of Roosevelt Memorial Association (National); Charter Member of American Law Institute (National); Charter Member of Stable Money League (National); Charter Member and Director, Legal Aid Society of Rhode Island; Fellow American Geographical Society; Member, Council of Legal Education of American Bar Association; Member of General Council American Bar Association; Arbitrator American Arbitration Association; Chairman, Rhode Island Committee Victory Fund, National Democratic Party; Member, Committee on Friendly Relations Among Foreign Students; Member, Board of Directors, Rhode Island Discount Company.

Member, Rhode Island State Organization for Public Health Nursing since 1932; Member, The Players since 1932; Member, Corporation of Providence Boys' Club since 1933; Honorary Mem-

ber, National Council of Boy Scouts of America since 1933; Honorary Member, Woonsocket Kiwanis Club since 1933; Honorary Member, National Committee of the Arts, Literature, Science, National Convention, Inc. since 1933; Fellow, American Academy of Arts and Sciences (Boston) since 1933; Honorary President, Providence Junior Chamber of Commerce since 1933; President and Director, Rhode Island Emergency Public Works Corporation; Member, Providence Grange No. 45 since 1935.

He is member also of the following: Phi Beta Kappa, Alumni Association of Psi Upsilon Vice President since 1932; American Bar Association, Rhode Island Bar Association, Harvard Law School Association, Providence Chamber of Commerce, Providence Institution for Savings, American Philological Association, Rhode Island Historical Society, Lincoln School, American-Scandinavian Foundation, American Federation of Arts, American Free Art League, Rhode Island Library Association, Rhode Island Hospital, Butler Hospital, Rhode Island Society for Mental Hygiene, Home for Aged Colored Women, Federal Hill House Association, Charitable Baptist Society, Y. M. C. A., Providence Marine Corps of Artillery, Civic Improvement and Park Association; Old State House in Newport, Inc.; Hereditary member of the Society of the Cincinnati in the State of R. I.; China Institute in America; Homeopathic Hospital of R. I.; a chief of the National Algonquin Indian Council; Executive Committee Democratic State Committee; Executive Committee R. I. Civic Committee.

ROGER WILLIAMS

By THEODORE FRANCIS GREEN, *Sigma '87*

When The Diamond requested Senator Green for information about himself, it was also suggested that he write a few words about any subject he might choose, to appear in this publication. The following comments on Roger Williams, the founder of the state which Brother Green represents in the United States Senate are herewith published.—ED.

THIS year we are celebrating in Rhode Island the Tercentenary of the founding of the State by Roger Williams. He was not simply an inspired leader who spoke and stood by while men did his bidding. He was the most co-operative of men, and when there was work to do he was there to do his share of it. He was a learned man. He wrote books and pamphlets. He preached sermons. But he did other things too. His hand was used to the pen and the paper, and it was scarcely less used to the hoe and the ax. In fact, Williams had extraordinary physical strength.

But behind such strength, there must be a man of character, if he is to be worth more than passing attention. Brawn all by itself is a very uninteresting quality, and we know that a good part of Williams' so-called strength came from the driving power of his mind and his emotions.

There was one quality of outstanding importance about Roger Williams. It was illustrated in his development of the colony here. When he acquired his own settlement, he did not repeat the errors of other exiles. He really accomplished the setting-up of a liberal, tolerant community. Here people could come and live as their consciences dictated, and not as a governmental or religious body dictated. So they did come: Dissenters, Quakers, Jews and others. They found differences of opinion here; they brought differences of opinion with them. But the one thing they never found here was punishment for differences of opinion.

Williams was one of the topflight great men in the early history of America. The Colony he founded was not just another settlement. Problems of Church and State, interests of business and commerce inspired all the other American Colonies; but Rhode Island was a Utopian establishment, founded for no other reason than the pur-

pose of forming a goodly community where people of all sorts might together flourish and prosper. The principles stated in Williams' creed embraced freedom in civil and religious thought, equal rights in government, the democratic power of the people both to conduct their own affairs and to change their existent state if they so chose. Those are the fundamental principles of our American democracy. They have never been more fully stated by any other man. They have never been so fully lived in fact by any other political leader.

On our upward climb of social progress do not look back at Roger Williams! Look forward not backward! Look upward not downward! There he is still ahead of us and above us, ready to lead us on.

DELTA CHAPTER 100 YEARS OLD ON FEBRUARY 11

CHAPTER IS ARRANGING CELEBRATION TO COMMEMORATE EVENT

THE Delta of Psi Upsilon will celebrate its Centennial in February. The Centennial Initiation will take place February 8th at the Chapter House, 115 West 183rd Street, University Heights, New York City, at 8 P.M.

The more or less Public Exercises will also be held at the Chapter House on February 10th, at 6:30 P.M. A buffet supper will be served, and an informal smoker will follow. The Chancellor of New York University and the President of its Council, Dr. Harry Woodburn Chase and Dr. Fred I. Kent, respectively, have been invited. Among the guests will be the secretary and assistant to the Chancellor, the Bursar, the President of the Alumni Federation of the University, the Deans at the Heights and representatives from fraternities at the Heights.

Chapter Founded February 11, 1837

The 11th of February, 1937 is the exact date of the Anniversary. The Branch of Psi Upsilon was formally established on this date at 7 Washington Square, North, the residence of John Johnston, the father of Professor John Taylor Johnston. The Founders believed that December 6, 1836, the date on which they were taken into the "Embryo Branch" was their initiation date. The names Theta and Delta were adopted January 20, 1838, Delta for the Branch, the Right Hand.

The Centenary Dinner will be held February 11, at the Hotel Pennsylvania, at 7 P.M. This will be an all Psi U affair.

It seems almost unnecessary to state that Brother William M. Kingsley, Delta '83, will preside at these celebrations.

The committee of arrangements is composed of the Officers of the Corporation, with Brother Kingsley, the Chairman.

Welcome Brothers, old and young, welcome to the Halls of the Delta.

Any further information may be secured from Dr. C. F. S. Whitney, President, Delta Corporation, 215 West 101 St., New York, N.Y.

ESTABLISH MEMORIAL SCHOLARSHIP FOR HUBBARD HUTCHINSON, DELTA DELTA, '17

FROM a bequest left to Williams College in the will of Miss Mary Hutchinson who died recently in Columbus, Ohio, a legacy intended to make a \$400 award for the next five years as the Hubbard Hutchinson Memorial Scholarship in memory of Frank Hubbard Hutchinson, Delta Delta '17, nephew of the donor, has been established. The terms of the bequest provide that it be presented to either graduate or undergraduate students on the basis of the "greatest talent in music, especially if creative ability is indicated"; if no one is found who is qualified for this, the stipend may be given for marked talent in writing or in painting.

While in Williams Brother Hutchinson was elected to Gargoyle, undergraduate honor society, to the offices of Chairman of the *Literary Monthly*, Leader of the Glee Club, and head of the Delta Delta Chapter of Psi Upsilon. After his graduation he entered the army, becoming a second lieutenant in the Field Artillery. He was a music critic on the *New York Times* and before his death on Christmas Day, 1934, published two books, *Chanting Wheels* and *From Rome to Florence*. He left two works uncompleted.

ACTIVITIES OF THE ALUMNI ASSOCIATION

THIS ORGANIZATION HAS BEEN DOING SOME
VALUABLE WORK FOR THE FRATERNITY
RECENTLY

WE TAKE pleasure at this time in reviewing some of the recent activities of the Alumni Association of Psi Upsilon.

Bringing Files Up To Date

In an effort to improve the Alumni files of the Executive Council Office, the Alumni Association of Psi Upsilon has, during the past few months circularized: Boston, California, Illinois, Michigan, Ohio, Pittsburgh, Wisconsin, Rho, Theta Theta. During the trying times of the past few years, it has been a difficult matter to keep the address files up to date. This requires constant circularization of the Alumni.

Those Interested Invited to Meetings

The Board of Governors of the Alumni Association of Psi Upsilon meet once a month (generally the second Tuesday) at the Union League Club of New York, 37th Street and Park Avenue, New York City. The meetings are generally held at 6:30 in the evening, followed by a dinner at the expense of the members of the Board themselves. Any of the Alumni interested, may attend these meetings by arrangement with Oliver B. Merrill, Jr., Secretary, at 48 Wall Street, Hanover 2-8100.

Brother Cadwallader Evans, Eta '01, has brought to the attention of the Editor of *The Diamond* that the fathers of all of the Chi Psi undergraduates receive a copy of their magazine. We would greatly appreciate hearing from any of the Alumni or undergraduates as to whether they consider this a good thing for *The Diamond* to attempt to do. Of course, such a project would have to be adequately financed, as it would cost considerable money to print these additional copies.

Two members of the Mu Chapter, Reynold E. Bjorck, '37 and Jack S. Clayton, '38 have been elected to Tau Beta Pi, national honorary engineering fraternity. The Alumni Association has paid for their keys.

Nu Alumni Association Elects

The following were elected officers of the Nu Chapter Alumni Association at Toronto: President: John T. A. Gamble, '32, 6 Dunloe Road, Toronto, Ont., Canada. Vice President: C. Martin McGill, '28, 85 Glengrove Avenue, West, Toronto, Ont., Canada. Corresponding Secretary: G. R. G. Phelan, '34, 300 Russell Hill Road, Toronto, Ont., Canada. Recording Secretary: J. M. Magwood, '33, 414 Dovercourt Road, Toronto, Ont., Canada. Treasurer: E. E. Trent, '22, 3 Wilberton Road, Toronto, Ont., Canada.

The Association regrets to announce the resignation of Brother J. E. Maynard, Tau '20, from the Board. His place is being taken by James M. Nicely, Omega '20.

In connection with the above, it is interesting to note that there are more dues-paying members to the Alumni Association now, than at any time since the inception of the Association in 1932. Likewise, the treasury balance as of Jan. 1, 1937 was approximately \$1,806.00 which is also the largest treasury balance since the inception of the Association.

AMONG OUR ALUMNI

A Successful Business Man

ONE OF the most active Lehigh and Eta Chapter Alumni men, *Cadwallader Evans, Jr.*, Eta '01, has made a fine record for himself as an engineer and business man. The next few paragraphs are herewith devoted to some of the past and present activities of this excellent citizen.

Cadwallader Evans, Jr., at the present time, is General Manager of the Hudson Coal Company, Scranton, Pa., and President of the Alumni Association of Lehigh University. He is a former trustee of Lehigh and a former director of the American Institute of Mining Engineers. In addition to being affiliated with the Hudson Coal Company, he is a director of the Abington National Bank, of Clarks Summit, Pennsylvania.

Brother Evans is active in all matters in connection with Eta Chapter, a frequent visitor, and one to whom the active Chapter turns at all times for valuable advice.

Cadwallader Evans, Jr., was graduated from Lehigh University in 1901 as a Mechanical Engineer. Immediately upon graduation, he went to work for the Oliver Iron and Steel Company, working right down in the plant, ten hours a day. He soon got a job in a coal mine at Elizabeth, Pennsylvania, and started in on the kind of work that appealed to him, and has been in mining ever since. For a while he was in Surinam, Dutch Guiana, running a gold dredge and from there he went to Southern Ontario, prospecting for silver. Then for three years, just prior to the War, he was in Nova Scotia working for some Belgians, and was instrumental in dispatching the first relief ship to the Belgians, addressed in care of the then unknown engineer, Herbert Hoover. On getting back from Nova Scotia, just before we got into the War, he became General Superintendent of the Hudson Coal Company, in Scranton. Then, on America's entry into the War, he went to the International Salt Company to try to speed up production of the base of poison gas. Shortly after the War, he returned to the Hudson Coal Company as General Manager.

In Scranton he is invariably called upon by the Community Chest to manage the Mines Team, which is by far the largest unit in the Community Chest there.

C. A. Bill, Delta '92, who has served for many years as President or in other executive capacities, in the Delta Corporation, has retired from the business of corporation financing, and is now living in Bermuda. His address is c/o Bank of N. T. Butterfield and Son, Hamilton, Bermuda, B.W.I.

* * *

Kenneth Laird, Omega '25, who is vice president of the Weco Products Company of Chicago, took office the first of the year as president of the Chicago Federated Advertising club. While in college, Brother Laird was elected to Phi Beta Kappa.

* * *

Another Psi U from the class of '25 at Chicago who is distinguishing himself, is *Howard Green*, who is vice president of the Great Lakes Mortgage Company. Associated with him in this company, is *Art Colby* who is manager of the Hammond office, and who was recently elected president of the University of Chicago Alumni Association. Brother Colby is Omega '24.

* * *

They're thinking of renaming one of Vancouver's residential apartment areas "Psi U Lane" since five of the newly-wed Brothers moved into the same district. They are *Berwick* of the Nu and *Patterson, Shilcock, Hager* and *Grant* of the Zeta Zeta.

* * *

Brother *Norman Hyland* was in charge of the Alumni Committee that assisted the Zeta Zeta Active Chapter in the recent rushing campaign. Dinner and a highly-entertaining smoker were the highlights of the Alumni programme.

* * *

Just before the Christmas vacation the Varsity McKechnie Cup rugby team travelled to Victoria for a match and seven of the

ONE OF the outstanding Alumni of the Eta Chapter is Cadwallader Evans, Eta Eta '01. (See page 117)

CASTLEMAN CHESLEY, Tau '37, in addition to being a football player of the first rank is active as a dramatic performer. (See page 91)

BOB BABCOCK was a stellar ball carrier on the University of Rochester eleven last year. (See page 91)

A MAINSTAY on the Bowdoin eleven during the past season was George Griffith, *Kappa '37*. (See page 90)

Brothers seized upon the opportunity to hold a luncheon get-together in the B.C. capitol. Those present included Brothers *John Montieth* and *Fred Norris* of the Epsilon Phi; and *Bob Wallace*, *Bob Hager*, *Douglas Patterson*, *Howie McPhee* and *Stuart Keate* of the Zeta Zeta.

* * *

Nearly fifty Brothers attended a banquet at Quilchena Golf Club in commemoration of the first founding of the Zeta Zeta. The Hon. Justice *A. I. Fisher* (Nu), Vancouver Alumni president *Charles Brazier* and Active Chapter president *Ralph Manning* were the featured speakers.

* * *

Brother *Charles Armstrong*, Beta '10, is on the faculty at Rollins College, Florida. *Hamilton Holt*, Beta '94, is president of the institution.

* * *

Frederick B. Richards, Theta '88, has been the recording secretary and treasurer of the New York State Historical Association for many years. One of the most loyal of all Psi U, and Union College Alumni, he has missed but one initiation (1895) since he was graduated from Union.

* * *

Cleaveland V. Childs, Delta '00, is vice president of the Manufacturers National Bank, Troy, New York.

* * *

Some of the well known Gamma Chapter Alumni whom we intend to discuss in detail in some future issue of *The Diamond*, include:

James Cobb '92, who is now president of Abercrombie and Fitch; *W. C. Breed* '93, a prominent New York attorney who is prominent in many other things beside law; *Dr. Robert B. Osgood* '95, a leading orthopedic surgeon in Boston with a distinguished war record.

Also *Percy Boynton* '97, professor of English Literature, lecturer and writer at the University of Chicago; *Gilbert Grosvenor* '97, of *National Geographic Magazine* fame; *Thomas Hammond* '00, Judge

of the Superior Court in the State of Massachusetts; and *Joseph Eastman* '04, a member of the Interstate Commerce Commission.

* * *

The many friends and Brothers of Brother *Charles M. Culver*, Theta '78, will be glad to hear that he is recovering from a serious operation.

* * *

Walter C. Baker, Theta '15, exhibited his extensive collection of rare Egyptian Antiquities in the new faculty lounge at Union recently.

* * *

Dr. Fred J. Tees, M.D.C.M., F.A.C.S., M.C. (E. Phi '05) was elected president of the Canadian Association of Clinical Surgeons at their annual meeting recently held in Winnipeg.

Brother Tees, who is senior associate surgeon on the staff of the Montreal General Hospital, graduated with the class of Arts '01, of which he was president, and was final year prizeman of Med. '05. As an undergraduate he was a member of the McGill Track Team, and, maintaining a keen interest in athletics, was in 1912 made president of the Amateur Athletic Union. He has for years been the honorary president of the McGill football club.

After postgraduate work in Britain, France, and Germany, he became superintendent of the Montreal General Hospital. A captain with the 9th Field Ambulance, he won the Military Cross in November, 1916.

* * *

Lieut.-Colonel *Harry T. Logan*, E. Phi '08, is now principal of the Fairbridge Farm School at Duncan, B.C., having been granted a two year leave-of-absence from the department of Classics of the University of British Columbia.

A Rhodes Scholar in 1908, Brother Logan left his lectureship to go overseas, where, as a machine-gunner, he won the Military Cross and the rank of Major.

In 1919 he returned to teaching. His interest in campus activities

and his popularity among students is indicated by the long record of honorary positions he has held, including: Faculty representative on the Inter-Fraternity Council, member of the Rhodes Selection Committee, O.C. of the O.T.C., chairman of the Faculty Committee on Students' Affairs, president of the Arts Men's Undergraduate Society, and member of the British Columbia Track and Field Association.

* * *

Gordon D. Shorney, Rho '21, who is president and treasurer of the Hope Publishing Company of Chicago, writes the following interesting letter:

"I had a rather pleasant fraternal experience on my vacation this summer which might be the basis of a little news article. It is about two Psi U Alumni who have not been very active for many years.

"I had the pleasure of taking my whole family to the S-Half Diamond Ranch, Skookumchuck, British Columbia, Canada for a few weeks. I had never met the proprietor, *Elmore S. Staples*; in fact, I did not see him very much the first few days of our visit. However, one evening a group of us got into a few cars and went about a mile from the ranch to have a chicken fry. After we had had a very enjoyable evening around the camp fire some one mentioned the word "Psi U." As happens sometimes, I sounded off on the Rho Owl Song, and two of the gentlemen joined me. Out of the eight men gathered around the camp fire, three of them were fraternity Brothers. One was Mr. Staples, whose name is mentioned above, graduated from Phi in 1910; the other was a *Mr. Charles Pascal Franchot* who graduated from Beta in 1910. Mr. Franchot is a very busy lawyer in Buffalo, and I think is connected with the Remington Rand Company.

"The S-Half Diamond Ranch has a delightful setting in the Kootenay Valley in British Columbia, it being on the edge of a spring-fed lake about three miles long and a mile and a half wide, in which there is fine swimming from June through the middle of September."

*Max Mason, Rho '98, Takes New Post At California
Institute Of Technology*

Last October, Max Mason, Rho '98, gave up his position as head of the Rockefeller Foundation, and took a post with the California Institute of Technology. A former president of the University of Chicago, and a man who has had a long and useful career, little has been said about Brother Mason in *The Diamond* to date.

Born in Madison, Wisconsin, October 26, 1877, he was graduated from the University of Wisconsin in 1898 and received his doctorate in philosophy from the University of Göttingen in 1903. During the academic year 1903-1904 he was instructor at the Massachusetts Institute of Technology. From 1904 to 1908 he was assistant professor of mathematics at Yale University; from 1908 to 1925, professor of mathematical physics at the University of Wisconsin; from 1925 to 1928, president of the University of Chicago; 1929, director for the natural sciences at The Rockefeller Foundation; from 1930 to 1936, president of The Rockefeller Foundation. In October, 1936, he went to the California Institute of Technology, as a member of the Executive Council and Vice Chairman of the Observatory Council. He holds the degree of D.Sc. from Columbia University (1926), and the degree of LL.D. from the University of Wisconsin (1926), Yale University (1926), and Dartmouth College (1927).

Invented Submarine Detector

During the World War he was for two years, 1917-1918, a member of the Submarine Commission of the National Research Council. During this same period he was a member of the United States Naval Experimental Station, New London, Connecticut, working abroad during the summer of 1918. He is the inventor of the Mason hydrophone for detecting and locating undersea craft, which was used by both the American and British navies during the war.

Brother Mason is a member of the National Academy of Sciences. During 1928 and 1929 he served on the Hoover Committee on Recent Economic Changes. He was also a member of the National Research Council Science Advisory Committee to the Chicago Century of Progress. He is the author of numerous technical papers

in the fields of mathematics and mathematical physics, and joint author with Warren Weaver of a 390-page textbook, published in 1929, entitled *The Electromagnetic Field*, which is a technical introduction to the mathematical field theory of electrodynamics, written in an attempt to keep clear the relation between the mathematical mechanism and the physical reality.

Herbert S. Reynolds, Phi '04, writes that he has retired from active business, and tells about the annual Thanksgiving dinner of the Phi Alumni Association at Detroit.

There were about 100 members present representing some sixteen chapters. The Honorable *John S. Pratt*, Phi '96, formerly of the U. S. Department of Justice, was the speaker of the evening, and gave a most inspiring talk on Psi U, beside telling of some of his experiences. Practically all of the active members of the Phi also attended. These dinners have been held annually for many years, and are enjoyed by everybody.

General Chairman of Milwaukee's 21st Annual Community Chest Fund was *Rudy D. Matthews*, Omega '14. Actively identified with the drive for the past seven years, under Brother Matthew's leadership, the fund went over the million dollar mark for the first time in five years. It is of interest that Brother Matthews is the man who pledged R. Bourke Corcoran to Psi Upsilon about 25 years ago.

IN MEMORIAM

MOREAU DELANO, *Beta '98*

(*A New York Private Banker*)

Brother Delano died December 3 in a Boston hospital, at the age of fifty-nine, where he had been a patient for several months. A brother, William, Beta '95, survives.

Brother Delano was a director of the American Bank Note Company, the Atlanta & Charlotte Air Line Railway Company, the Locust Mountain Coal Company, the Pine Hill Coal Company and the United States Guaranty Company.

Since 1907 he had been a partner in the private banking and New York Stock Exchange firm of Brown Brothers, Harriman & Co., in New York.

Active in charitable works, he was a trustee of the Presbyterian Hospital and of the Babies Hospital of New York. He had served for many years as chairman of the nursing committee of the Presbyterian Hospital and in that capacity had often presented the diplomas at the nurses' graduation exercises. In 1927 he gave \$25,000 toward a fund for an arboretum at Harvard University. He contributed also to Princeton.

HENRY P. ERDMAN, *Tau '04*

(*A Leading Lawyer in Philadelphia*)

Death by pneumonia on December 6 last took another well known lawyer from the ranks of Psi U members of the Pennsylvania bar, Henry Preston Erdman, Tau '04. He was fifty-three years old.

Brother Erdman, who was born and brought up in the Quaker City, first associated himself in the practice of law, with his father following his graduation from the University of Pennsylvania Law School. Later he joined a firm with the late Chester Nye Farr, Tau '90, who will be remembered as toastmaster at the Centennial Banquet at Schenectady in 1933.

For the past several years he had maintained offices in the Real Estate Trust Building in Philadelphia. He was a member of the Manufacturers Country Club, Philadelphia Bar Association and the Meridian Club.

RALPH B. EVANS, *Tau '02*
(*Famed Civil Practice Lawyer*)

Ralph Berrell Evans, prominent member of the Philadelphia bar, and one of the best known civil practice lawyers in Pennsylvania, died November 23 at his home in Booth lane, Haverford.

Mr. Evans, who headed the firm of Evans, Bayard and Frick, succumbed to a heart ailment from which he had been suffering for several years and which had forced him to his bed early in September. He was fifty-three.

Leaders Pay Tribute

Leading members of the bench and bar, some of them friends of Mr. Evans for many years, were shocked by the news of his death.

Paying tribute to him, former Senator George Wharton Pepper, dean of the Philadelphia bar, said:

“Taking into account all departments of a lawyer’s work, I consider Ralph Evans to have been the most effective man in the Philadelphia bar. He was wise in counsel and he was formidable in action. He was always well prepared and he presented his views, whether to court or jury, with singular clearness and cogency.

“He was a master of the art of the cross-examination, and if there was any weak spot in a witness’ armor he was sure to find it. His death is to me a great personal loss.”

Bench Mourns Loss

John W. Kephart, Chief Justice of the State Supreme Court said:

“In the death of Ralph B. Evans the Bar has lost one of its most eminent members. He clearly exemplified in his practice before the courts all the virtues of the true lawyer—fidelity to court and client

and a kind consideration for his fellow practitioners which extended to his professional adversaries.”

“I knew him for a great many years,” said William H. Keller, President Judge of the State Superior Court. “My friendship with him goes back to the days when he was a young attorney in the office of John G. Johnson. He was one of the best lawyers before the Philadelphia bar. His death is a great shock to me.”

From a column in the Philadelphia *Inquirer*:

Lawyers and judges knew *Ralph B. Evans* for his great abilities in the courtroom.

“But I recall one occasion where he displayed his powers of cogent argument in a purely social affair.

“Somewhat less than 10 years ago there was a proposal to unite the Art Club and the University Club.

“It was urged by those who favored the union that it would give the combined organization an excellent Broad street home and an endowment of \$750,000.

“When the University Club held a meeting to decide the important question, Mr. Evans was chosen by those who objected to a union as their spokesman.

“His address was so vigorous and pointed that he carried a majority of votes against the union, which settled the question then and there.”

A brother, Frank, Tau '01, survives.

One of the noted cases in which he was a participant as counsel was that of Slater vs. Slater, in which he succeeded in establishing the important principle, to which a contrary view had previously prevailed in this state, that upon the death of a partner the right to use the firm name is a partnership asset to be sold with other assets.

In 1931, he contributed \$100,000 to the Yale Endowment Fund to establish a chair of jurisprudence in the School of Law. At the time of his death he was a trustee of the New York Trust Company.

Dr. Ripton was born in Johnstown, New York, on March 21, 1858, the son of Henry and Anna Hunter Ripton. Frederick B. Richards, Theta '88, who probably knew Dean Rip-ton as well as anybody, upon the request of the Editor of *The Diamond* wrote the following tribute:

“You ask for a fifty word tribute to dear old ‘Rip.’ It can’t be done—five thousand words would be hardly enough.

“In my half-century of Psi U friendships, no one surpassed him as a perfect combination of Christian gentleman, scholar, teacher and fraternity brother. Those who were privileged to hear will never forget his annual addresses to the newly initiated. They were not only classics, but were the more impressive because he was the living example of what an ideal Psi U should be.”

NEWS FROM THE CHAPTERS

In the interests of economy it has been necessary to abbreviate the Chapter Communications in this issue. More detailed reports will be published in the March issue.—ED.

THETA—*Union College*

THE FOLLOWING officers were elected for the winter term at the Theta. Senior officers: Brothers Gatchell, Smith, and Horstman; Junior officer: Brother William Hawkes; Sophomore officers: Brothers Baker and Miller.

The Theta held its first dance November 14, following the Hamilton game. The dance was very well attended, and the consensus of opinion was that it was the best held at the Theta in some time.

Brother Miller is a forward on the varsity basket-ball squad. The Theta has also been active in intramural events this winter—being leader in the race for the intramural cup.

DELTA—*New York University*

THAT familiar pre-Christmas spirit has recently been in evidence and the Brothers of the Delta are looking forward to the coming holidays, to the Christmas dinner dance, last notable event for 1936, and even beyond into the new year and our hundredth anniversary celebrations.

However, despite the before holiday calm, many of the Brothers are playing an enthusiastic part in Psi U's attempt to capture the interfraternity athletic trophy. Led by Brother Nace, the house basketball team seems to have a good chance of coming out on top.

Early in November we had a special initiation and welcomed four new Brothers from the sophomore and junior classes, and by now Brothers Jackson, Siltanen, Ericson and Grantham are taking an active part in Chapter affairs. The annual interfraternity pledge dinner has been held under the chairmanship of Brother Schwebel who provided an entertaining and profitable evening for the pledges of the various houses here at N. Y. U. It was pleasant to observe that

our own pledge group stood at least head and shoulders above the rest.

SIGMA—*Brown University*

THE Sigma has kept up its good record in the sports field by having Brothers George Simpson, Jack Hawley, Larry Atwell and Peet Davis on the Varsity Hockey Team. Pledges Jim Clark, Carl Morton and Ed. Roth are on the Freshman Hockey Team. On the Varsity Basketball Team are Brothers Bill Burbank, and Win Leonard. On the Freshman Basketball Team are Pledges Bill Sillsby and Bill Glatfelter. Bob O'Brien has made the Swimming Team and Pledges Bob Graham and Layne Fuller are enjoying the manly art of wrestling. In Intramural Football the Sigma added to its list a third place.

At the Fall House Party many of the Alumni were present and were royally entertained. However, next spring, we expect even better attendance for what promises to be a better party.

GAMMA—*Amherst College*

IN THE recent elections the following Brothers were elected officers of the Gamma for the winter term. Brother Snyder received the archonship. Brother Kennedy was elected senior anglos, Brother Michell junior anglos, Brothers Taylor and Woods sophomore and freshman anglos respectively. Brother Green received the position of grammatus.

In a successful Masquer production, "Green Grow The Lilacs," Brother Kennedy, President of Masquers, and Brother Ker played important rôles, ably supported by Brothers Holthausen, Howland, and Hatheway.

The Gamma was honored this Fall by obtaining the captaincy or co-captaincy of all three sports. Brother Michell was elected captain of football, Brother Schaufler co-captain of cross country, and Brother Jeppson co-captain of soccer. Brother Reider was elected manager of soccer for 1937. The climax of the Fall season came when Amherst defeated the Williams football team 14-13, the Brothers playing an instrumental part in winning this traditional game.

ZETA—Dartmouth College

AT OUR last formal meeting before Christmas vacation, Brothers Camerer, Blake, and Duckworth were introduced as the new officers of the Zeta chapter. At a meeting of the football lettermen Brother Merrill Davis '38 was chosen to captain the 1937 football squad. In varsity winter sports Brother Young is captain of the swimming team on which Brothers Gilbert and Risley are making good showings; Brother Reno is playing basketball, while Brother Herschel is assistant manager of the team; Brothers Lewis, Merriam, and Pleasants are playing hockey on assistant manager Brother Balmer's squad. Brother Naylor is President of the newly formed Dartmouth Polo Club.

ALUMNI NEWS

We were glad to see so many Alumni back to the formal initiation and banquet on December fifth. At that time it was announced that Brothers Sidney Junkins '87 and Emmet Hay Naylor '09 had been made Honorary members of the Zeta Zeta Chapter. Brother John Burleigh '14 did a fine job as toastmaster, while Brothers Naylor '09 and Bob Strong '24 were the speakers of the evening.

LAMBDA—Columbia University

NO COMMUNICATION received in spite of a letter, a postcard, a collect telegram and four phone calls.

KAPPA—Bowdoin College

AT THE annual football banquet, Brothers G. Griffith, Melindey, and Walden were awarded varsity letters and gold footballs. Among our Freshmen who received numerals are: Brothers H. Griffith, Hill, Thwing, and Webster in football and Brother Mitchell in Cross Country.

In considering the coming winter sports, the Kappa has 13 men out for hockey; they are: Brothers Allen, Buck, Benham, Clifford, Dane, Guild, Gates, Girard, Hooke, Hood, Mills, Melindey, and Rocque. Brothers Mills and Buck are lettermen, and Brothers Dane

Melindey, Clifford, Allen, and Girard were on the Junior Varsity. Out for track are Brothers Mitchell, Rowe, and Lamont. Brothers J. Carlson, A. Carlson, and Woodard are out for swimming.

PSI—*Hamilton College*

THE Psi Chapter is pleased to announce the addition of two men who will play a prominent part in fraternity affairs, Brothers Benedict and Kelly, who were initiated last week.

After a somewhat mediocre football season which was saved from being worse through the stellar play of Brothers Carmer, Hilfinger, and McGinn, the Chapter started to invade winter sports. Brothers Carmer, Woods, and Collins are adding power to an already strong basketball squad; Brothers McGinn, Hummer, and Vicary represent us on the hockey squad; and Brothers Cate, Childs, Coffin, and Stevens are fighting for the last two berths on the fencing team. Pledges Dwyer and Moses are on the Freshman basketball squad, while Pledge Rogers is a stalwart forward in Freshman Hockey. Brother Hoch is to play one of the leading rôles in the play "Winterset," and is one of the founders of the newly-formed Ski Club.

XI—*Wesleyan University*

WITH THE arrival of the new year the Xi stops to take note of its accomplishments during the past semester and its possibilities for the coming year.

The freshman delegation, under the capable chairmanship of By Webster, is an intelligent, well-coördinated group, deeply interested in the affairs of the fraternity into which it is about to be initiated and active in extra-curricular doings. The awarding of numerals in frosh sports found Pledges Evans, Ross, Schwerzman, Snyder, and Woodman receiving honors in football. Snyder, captain and quarter-back, Evans, and Woodman consistently took care of the backfield while Ross and Schwerzman were the mainstays of the line. Pledge Guernsey starred for the frosh harriers with Piper, right half on the yearling soccer squad until an attack of appendicitis prevented further participation, being the lone numeral-winner in

his department. Many of these men are now out for winter sports. But the freshmen are not limited to athletics. Pledge Hancock is on the frosh staff of the *Cardinal*, literary magazine, and Webster has recently had an important part in the Paint and Powder Club Christmas play.

A review of the year so far shows the brothers to be not only engaged but successfully so in the season's activities. In football Brothers Jones, Derge, Gillispie, and Holzer were awarded varsity letters. The last three named are sophomores, and much is expected of them during the course of the next two years. Brother Ackart and Brother Dresser, both varsity lettermen, played their last games for the soccer team. Brother Dresser's record is especially noteworthy for he played every minute of every game—and this on a team which played hard enough and fast enough to win the Little Three championship and to place second to Brown in the New England league. Brother Fauvre, successfully winning his letter in managerial competition, has been appointed freshman sports manager for next year. Winter teams have not yet been picked definitely, but Brothers Jones and Dunn are certain to wrestle for the varsity. Brother Hinsdale in the breast-stroke and Brothers Eichin and Kaesshaefer in the free-style are contenders for the swimming team. On the proposed squash team Brother Jacob is sure to rank high. Brother Dary, who plays football and wears a varsity letter in golf, is rounding out his year's activities by energetically scutting the managership of basketball.

But activities other than athletics claim the Brothers' attention. Brother Hall this year finishes his term of office as business manager of the *Argus*, school paper, and vigorously vying for his position are junior Brothers Beardsley and Fauvre. Scutting for the editorial board are Brothers Derge, Eichin, and Grimshaw. Brother Bodine as editor-in-chief of the *Cardinal* has succeeded in giving new life to that literary publication. Brother Little continues the Psi U dynasty in the production end of the theatre (so ably founded last year by Brother Rome who continues his active interest) while Brother Bennett has been elected vice president of the Paint and Powder Club. As president of Cardinal Key, junior honorary society, Brother

Jones has been directing the work of that organization the chief aim of which is to make Wesleyan better known to sub-freshmen, members of visiting teams, and other visitors. It is a big job and a responsible one which Brother Jones has been handling.

As it looks back on the year thus spent, the Xi is more or less satisfied with its record. In thinking on possible improvements, it sees that the juniors have only one half year more to set themselves and consequently rests its confidence in the sophomores and freshmen, the men who will be the juniors and sophomores of next year. As a result it is devoting more careful thought than ever before to the business of guiding freshmen into those activities where they will be happiest and most useful. If it could succeed in this, the Xi would have reached a really worth-while goal—a goal toward which every chapter might well strive.

UPSILON—*University of Rochester*

THE ECHOES of the recent rushing season have just faded into silence in the Halls of the Upsilon. The attention of the group as a whole is now centered upon the several intramural teams the chapter has put in competition.

The teams' chances are excellent both in volleyball and basketball. Pledges Decker, Roberts, Brewer, and Badenoch are whipping in to shape for the spikers and will probably be a valuable nucleus for the three more years to come. Other volleyball stars are Brothers Shetterly, Walworth, and Wiegall. The house basketball team is doing very well with such luminaries as Brothers Burrell, Stephens, Weller, Weingartner, Gilbert, and Barnes playing consistently well.

Both the intercollegiate swimming and basketball teams are liberally sprinkled with Psi U's. Bantel, Babcock, Mason, and Gilbert are among the first ten on the hardwood and the swimmers and divers include Phillips, Swett, Walworth, Stratton, and Forbes. The latter five men make up over half of the tank team.

Although spring is still far away, a good many of the men are talking about baseball. The only move that has been made so far is the appointing of Dick Burrell to the apparently all important post of third base coach. Brother Babcock, who is on the varsity, has con-

sented to give the men rigorous training in the finer aspects of the games, such as the double steal and sliding into home.

IOTA—*Kenyon College*

ALTHOUGH not enough snow has seen these parts lately to create a genuine Christmas atmosphere, the Iota is nevertheless aware that the holiday season is at hand and will inevitably be followed by the dreary month preceding mid-year examinations.

This semester has been a great one for the Iota: socially, athletically, and from the standpoint of scholarship.

The annual Fall Dance was the best seen here in many years, with Red Nichols and his famous "Pennies" supplying the heat for the pulsating week-end. The Psi U club room, improved by the addition of new paneling, was constantly the center of attraction and full of visitors from all other Kenyon fraternities.

On the second Tuesday of November the Iota held its third annual duck dinner in nearby Mt. Vernon, but this year turkey was substituted for duck. Photographs of the event turned out excellently and help perpetuate this annual feature.

Psi U's at Kenyon have entered into the usual activities this year successfully, with three men winning letters in football: Brothers Taylor, Henderson, and Elliott. Pledges Reid and Crane are now out for basketball, and the swimming team was under the captaincy of Brother Weiant. Not satisfied with this diversity of athletic achievement, five or six Psi U's are to be seen playing hockey every afternoon.

Ground will be broken in March for the new lodge and banquet hall, and the structure will be finished by June. The contracts for the work will soon be let.

The Kenyon glee club is being revamped and six Brothers are to be found on its list, with Brother Cook acting as business manager.

At present the Brothers are looking forward to the annual Christmas party, featured by a Santa Claus, tree, and all the works. Brother Monro '36 is to leave his duties at Harvard Law School long enough to attend.

PHI—*University of Michigan*

WITH Brother Robert Dailey as chairman of the annual Fall Formal, which was held November 14, the Phi Chapter was host to one of the most successful and enjoyable parties of the season. We were especially pleased to have with us so many alumni, who added to the festivities of the occasion.

On November 25, Formal Initiation was held for Robert Miller, Bradley Palmer, Joseph Osburn, and Charles Coe. Following the ceremony the four new Brothers, accompanied by numerous others of the Phi, attended the Annual Thanksgiving Alumni Banquet in Detroit.

This year has seen various members of the Phi taking part in many campus activities. We are justly proud of Brother Phillip Haughey who was recently elected Senior Class President in the College of Architecture and initiated into the Scabbard and Blade Society. Brother Stark Ritchie has also brought great honor to the House because of his outstanding work as a member of the Varsity Football Team. On the Varsity Hockey Team Brother William Wood has merited the position of goalie. Brothers Phillip Whittemore and Phillip Haughey are to be commended as members of the Varsity Track and Swimming Teams respectively, and Brother Robert Mitchell is a member of the *Michigan Daily* Staff. Due to the excellent leadership of Brother Thomas Watkins the House has made a fine showing in the intramural sports thus far.

We are very sorry to announce that Brothers Sanford White and William Everhard have been forced to leave school because of illness, but we expect Brother Everhard back next semester.

ALUMNI NOTE

Brother William Onderonk, Phi '36, was married to Miss Ernestine Richter in Detroit on November 28. Many of the Phi Chapter attended the wedding and reception which followed.

OMEGA—*University of Chicago*

THE Omega Chapter looks back upon a successful first quarter of the school year, and simultaneously looks forward with anticipation

to the coming quarter, for Brother Clarence Wright has been chosen as head of the house for the coming term. Brother Wright was chosen as the most outstanding junior in the house last year, was a delegate to the convention, has performed the duties of treasurer of the house for the last two years, and has but recently won his third major letter in football. Brother Ed Bell, the retiring head of the house, has been put at the head of the Leaders Organization, which is a newly organized body delegated to bring likely high school students into the University. Brother Bell has also recently been initiated into Owl and Serpent, the senior class honorary society. The other new officers of the house are Brothers Bickel and Button, senior class officers, Brother Carey, from the junior class, and Brother Anderson, from the sophomore class.

Brother Burgess has been chosen Captain of the tennis team to replace Brother Bickel, who held that position last year. Pledge Harvey Lawson, a sophomore, has won his letter in football, has been elected to Skull and Crescent, sophomore honorary society, and at present is working out in anticipation of the track season. The chapter is leading the Intramurals with the touchball championship, a second in the swimming meet, and a third in the fall relays. With a very good chance to add the basketball championship to this list next quarter, the lead in the Intramurals should be safe.

The Chapter wishes to announce the pledging of Alan S. Frank of Glencoe, Illinois. Pledge Frank is a transfer from Princeton and is in the junior delegation.

ALUMNI NOTE

Brother Robert Schnering '36 will be married in January to Miss Dorothy Cline of Evanston. Bob is at present head of sales in the southern district of Wisconsin for the Curtis Candy Co.

PI—*Syracuse University*

USUALLY at this time of year conversation centers around home, Christmas and much needed rests. But contrary to all this, our chief topic of conversation is the Christmas Formal which is to be held

on December 18 at the Hotel Syracuse. Thanks to Brother Dave Salmon, chairman of the dance, Don Redman and his band will make the music. This is the biggest social event ever attempted by a fraternity on the Syracuse Campus.

Brother Ivan Kendall, newly elected house president, seems to have the situation well in hand, for with brothers and pledges participating in every field of extra-curricular activity, the campus is very much Psi U conscious.

ALUMNI NOTE

Through the effort and initiative of Brother A. Blair Knapp '26, Director of Men's Affairs at Syracuse, the University held its first inter-fraternity conference on December 3, 4, 5, 6 which was attended by all houses on the Hill as well as by representatives from nearly 100 other campuses. With the splendid success of this year's meeting, Brother Knapp expects the conference to become an annual event.

CHI—*Cornell University*

THE Chi Chapter has enjoyed an unusually busy and successful term under the leadership of Brother Evan Noyes, Chapter President. The biggest event of the fall was the Alumni banquet held in celebration of the 60th anniversary of the founding of the Chi Chapter. Nearly one hundred Alumni from all over the country returned for the celebration, which was held the week-end of November 14, and a rousing good time was had by all. At the present time, basketball and squash are foremost in the minds of the Brothers. Pledges Vaughn, Ballinger, and C. Bowen are playing regularly on the freshman team, while Brothers White and A. Bowen are on the varsity squad. The rest of the Brothers are busy, competing in the house squash tournament.

BETA BETA—*Trinity College*

NO COMMUNICATION received.

ETA—*Lehigh University*

WITH the autumn gone and Christmas at hand, the Eta regards the year successfully, if not glamorously, begun. Varsity "L's" were won by Brothers Travis and Carrier, both playing well in their initial year on the soccer team. Brother "Clint" Strang was recently elected chairman of this year's Junior Prom, and Brother Swenson is chairman of the R.O.T.C. ball. As this is being written, Brother Dalzell is again taking a leading part in a production by the "Mustard and Cheese," the Lehigh dramatic society, the present play being "Paths of Glory," a war play. We are glad of the fact that the house managed to weather the mid-semester reports without disaster, few bad grades being received.

ALUMNI NOTES

On the evening of Tuesday, December 1, the chapter was glad to welcome Brothers William Corneilus, C. E. Farriday, and Fore-stall. Brothers Farriday and Corneilus gave short speeches recalling the "old days" in the Eta, and they also congratulated the present chapter on their scholastic and social position on the campus.

Brother "Chris" Coll '36 recently announced his engagement to Miss Charlotte Sommer.

Among the guests at the house after the Lafayette game were Brother Munroe Clark and his wife.

TAU—*University of Pennsylvania*

WITH THE Mask and Wig show, the musical production of the University, planning their annual trip which will take place during the holidays, the Tau Chapter turns its head from football to foot-lights when the eleven Brothers who hold parts in the play, "This Mad Whirl," leave on the extensive trip through sixteen eastern cities. Philadelphia audiences had a treat when the show opened here during Thanksgiving vacation and, with Brother Chesley holding down the lead and introducing most of the hit tunes, the show was considered a great success.

By the time this copy reaches the eyes of our Brothers, the Tau

Chapter will be plunging headlong into preliminary rushing. With Brother Bud Donaldson to guide us as Rushing Chairman, our hopes for a creditable showing are assured. Choosing Psi U material is difficult; but we anticipate a class of 1940 which will be every bit as creditable as those for which the Tau Chapter is famous.

MU—*University of Minnesota*

THE Brothers are at the present settling down to a final week of study before Christmas vacation. When school starts next quarter, the Mu faces the prospect of the biggest rushing season in years with an exceptionally large number of good men planning to accept bids. Academic fraternities set a new figure this year at Minnesota when they issued six thousand invitations to nine hundred freshman. The fall quarter will end in a blaze of glory this year as usual with the most popular party of the season, the Winter Formal. This promises to be even better than the preceding ones and is under the able direction of Brother Kirklin, who was recently elected Senior Football Manager for the 1937 season.

RHO—*University of Wisconsin*

NO COMMUNICATION received.

EPSILON—*University of California*

SEE football news, page 89.

OMICRON—*University of Illinois*

SINCE THE last communication was sent in, the actives and pledges of the Omicron have enjoyed quite a time. Many of the former are well to the fore in the various extra-curricular activities, and all of the latter are out trying hard for next year's Sophomore positions on the year-book staff, the newspaper, or one of the many teams.

Brother Cameron Brown deserves special mention. He was unanimously elected to head the Student Senate this year. A very big job.

A few of the Brothers went to Ann Arbor for the traditional Illinois-Michigan game, and wish to thank the Brothers of the Phi for their very courteous hospitality.

DELTA DELTA—*Williams College*

WITH the first batch of competitions for the college year over, recent elections and appointments of influence on the campus, which have honored Psi U's, have made Brother Coffin a member of the Literary Board of the *Gulielmsonian*, college year book, Brother McReynolds Manager of the Williams Band, Brother O'Sullivan a member of the Adelpic Union, exclusive college forensic society, Brother Townsend Technician of the Little Theatre, and Brother Brush a member of the Editorial Board of the *Williams Record*, campus newsorgan.

The usual pre-vacation preparation for winter sports teams has claimed ten of the affiliates. Brothers MacPherson, O'Sullivan, and Townsend are on the Varsity hockey squad, the former being center in the first line and a defenseman at odd times. On the swimming team are Brothers Coffin and Whiteley, both divers; Coffin is the unofficial holder of the college record in this event. On the Freshman teams are Pledge Wells, hockey and swimming candidate, Pledges Behrer and Cook who are also swimming, and Pledge Spencer who is on the ski team.

House elections for the second half of the year were held at the December meeting, and as a result Brother Foley will succeed Brother Hill as Head until the Junior delegation takes over the reins. Pledge Kaelber has been elected to head the Freshman delegation. The chapter takes pleasure in announcing the initiation of Ralph Gardner '38 and Bennett Upson '39.

ALUMNI NOTES

Joseph A. Eddleman '36 of Philadelphia, Pennsylvania, and Miss Martha Tourison of the same city have announced their engagement. They will be married in the spring.

Walter A. Teipel, Jr., '36 of Milwaukee, Wisconsin, and Miss Elizabeth Potter Goodman of Philadelphia on September 30, 1936.

THETA THETA—*University of Washington*

AS CHRISTMAS and the last day of school near, the chapter pleasantly anticipates the yearly formal dinner-dance on the 18th of December. We are proud of Brother Clyde Dorn, who, as Washington's repre-

sentative to the interfraternity council convention in New York, was elected president for the following year. This is an achievement that all Psi U's everywhere should appreciate, and one that reflects honor to Brother Dorn and the Theta Theta Chapter.

The Theta Theta sends best wishes for a merry Christmas holiday and a prosperous New Year to all actives and Alumni wherever they may be.

NU—*University of Toronto*

THE CLOSE of the fall term finds the Brothers of Nu in a state of great unrest. Christmas is coming and before it the fateful Christmas exams. Let us hope we are all lucky or should I say well prepared.

During the last month general fraternity life has changed somewhat. A committee has been formed to promote better interfraternity spirit with Brother Murray Armstrong as one of the leaders. Although it has not met with complete success it has promoted a dinner trade system, a hopeful athletic schedule and lastly it has started the men thinking more seriously about a fraternity's position on the Campus.

In closing I would like to extend to all the chapters our best wishes for a happy New Year.

ALUMNI NOTES

Brother Jack Fletcher was recently married to Miss Jean Griffiths.

Brothers Alex Fisher, John Gamble and John Magwood were recently called to the Bar.

EPSILON PHI—*McGill University*

ON NOVEMBER 14, Jim Acland, Jim Armstrong, George Clarke, Tom Harvie, and Sam Mislap were initiated into the Epsilon Phi Chapter, and are proving themselves a most enthusiastic delegation. Brother Percy Douglas, Chi '94, officiated at the traditional Punch Bowl Ceremony, and the loyal Alumni sang themselves hoarse.

The recent campus elections saw Brother Don MacCallum ele-

vated to the Students' Executive Council, while Brothers MacCallum, Mislap, and S. Ferguson were elected to the Scarlet Key Society. The hockey season is here and, under Brother Hubbard's able leadership, Epsilon Phi bids fair to capture the Interfraternity title. In the recent major production of the Players' Club, Brother Clarke made his stage debut, while Brothers Ferguson, Campbell, Taylor, Mislap, Siefert, and Dick were engaged in the business and production ends of the play.

Brother MacCallum has been chosen Head of the House to replace Brother Herbie Hammond who graduates in May. Brothers Montgomery and Hubbard are the new vice-presidents. Brother Taylor is recording and Brother Leslie is corresponding secretary. The Chapter is solidly behind the new Executive, and 1937 should be a great year for Epsilon Phi. To Brother Herbie Hammond goes a vote of thanks for his able guidance as Head of the House in 1936.

ALUMNI NOTES

Brothers George Cudlip, Russ Call, and John Garland have recently been named directors of the Epsilon Phi Realty Company, with Call president, Stuart Oliver vice-president, Ken Baker secretary, and Garland treasurer of that body.

Bob Beck, E. Phi '27, will shortly be established in Hamilton, Ontario, as superintendent of the new titanium plant there.

Bill Murray, E. Phi '32, having received his doctorate in mechanical engineering, is now a member of the staff at M. I. T.

The presence in Montreal of Harry Boyce, E. Phi '31, for the first time since his graduation was the occasion for several reunions of his contemporaries. Harry is returning to the Coast before Christmas to take a new position in the offices of Pitfield & Company.

Brother Doug Hyndman '21, of Trois Rivieres, is at present on six months vacation to Australia.

Gib Norton, E. Phi '26, of Memphis, Tenn., was in town for the first time in ten years to attend the Graduates' Reunion, and E. Phi's of his generation arranged a special little reunion of their own after the Toronto football game.

ZETA ZETA—University of British Columbia

WITH examinations just about over, the Brothers of the Zeta Zeta are looking forward to those well-earned Christmas holidays. There are rumors of a New Year's dance, but it is not to be expected to rival the highly successful fall informal held on November 10. As the result of the tales told by the seven Brothers who went to the Founders' Day banquet held by the Theta Theta Chapter, and due also to the kind invitations to come again received by those Brothers, approximately thirteen or fourteen of the boys are going down to take in the Formal dance held by the Washington Chapter on December 18.

The Zeta Zeta wishes to announce the initiation of three new men, Brothers Harry Bigsby, Jack Davis and Laurence Wallace, the result of upper-classmen rushing, and expect to take in a good body of men during the freshmen rushing season, which begins in January.

Season's greetings to Psi U's near and far.
