Published in November, January, March and June by the Psi Upsilon Fraternity. Entered as Second Class Matter January 8, 1936, at the Post Office at Menasha, Wisconsin, under the Act of August 24, 1912. Acceptance for mailing at special rate of postage provided for in Paragraph 4, Section 538, Act of February 28, 1925, authorized January 8, 1936

LETTER TO THE EDITOR

More than two years ago THE DIAMOND published an unusual letter from the mother of Rush S. Clark, Epsilon '38, who with hundreds of other American civilians was swept up in the Japanese Invasion of the Philippine Islands. The last message received from Rush by his family was at Christmastime in 1941.

Good news that Rush is alive and active comes in another letter from Mrs. J. E. Clark, of Berkeley, Calif., who has heard from him through the American Red Cross and a former fellow-internee at the Santo Tomas concentration camp.—THE EDITORS.

Rush S. Clark, Epsilon '38

Berkeley, Calif.
November 11, 1944

DEAR EDITOR:

It was very kind of you to inquire about our son, Rush S. Clark, Epsilon '38. We shall be glad to tell you the bits of information we have been able to gather about him from various sources.

It was in January of this year when we got the first definite word that he was alive. This good news came through Clifton Forster, son of Chas. H.

Forster of Berkeley, California, head of the American Red Cross in Manila. The Forsters were all repatriated on the *Gripsholm*.

Clifton is a very interesting and charming young man of twenty, and gave us quite a picture of the concentration camps at Santo Tomas and Los Banos. Rush was in Santo Tomas for almost two years and later was transferred along with eight hundred other young men to the Los Banos camp, 40 miles south of Manila. Clifton said Rush had been able to keep his books and was doing a great deal of studying. He saw him for the last time on September 19, 1943. At that time Rush had never received any of our letters nor have we ever heard from him.

In an article written for the newspapers Clifton gives a poignant picture of the gallant "send off" the internees gave those who were leaving. I quote in part: "In mid July we got official notice that twenty-seven of us were classified as prospective repatriates. I was among them and my first thought was—'will we be taken out the back way so we won't have to pass those we leave behind? How had the selection been made—we never knew!' But by the time we left in September the others had relieved us of our guilty feeling—they were that swell about it. All of them gathered in the street when the charcoal-burning bus came to get us. My ears were full of messages for loved ones. Then—'Drink a coupla malted milks for me—don't eat too much ice cream and hot-dogs all at once!' And then the bus was leaving. We could not utter a word, we were so proud of them: For they were singing now, altogether and strongly—'California, here I come.' Our eyes were wet with tears."

In March of this year an official of

(Continued on page 35)

PSI U PERSONALITY OF THE MONTH

Brig. Gen. John Reed Kilpatrick, Beta '11

AWARD of the Security Shield of Honor by the U. S. Coast Guard to Brig. Gen. John Reed Kilpatrick, Beta '11, commanding officer of the Hampton Roads Port of Embarkation at Newport News, Va., writes still another distinguished chapter in a career which has been marked by exceptional achievement in sports, business and the Army.

As an athlete Gen. Kilpatrick is remembered as an All-America football player at Yale. In business, as president of Madison Square Garden in New York, he introduced startling new departures in sports promotion. As a soldier, the General engaged with distinction in our two great foreign wars, during which he was awarded numerous decorations for his services.

Born in New York City on June 15, 1889, Brother Kilpatrick's schooling began in P.S. 6, at Madison Avenue and 85th Street. He attended Andover (class of 1907), where he was hailed as one of the outstanding schoolboy athletes in the country. He excelled at the broad jump, hurdles, shot put and football.

A VERSATILE ATHLETE

When Kilpatrick matriculated at Yale, he piled up a number of units of strength in his physical examination which surpassed the highest mark hitherto recorded at New Haven. Before he was graduated in 1911, he earned his Phi Beta Kappa, was elected captain of the track team, and was accorded All-America football rating in 1910, as Varsity left end.

In his first business venture, the Old Blue was just as successful as he had been in college. In four years he rose to the vice-presidency of the Thompson Starret Co., builders. He enlisted in the

Brig. Gen. John R. Kilpatrick, Beta '11
"Sports, Business, Army . . ."

Army when trouble flared on the Mexican border, and served as a sergeant with Squadron A of the cavalry in the Southwest.

DECORATED IN WORLD WAR I

On the outbreak of World War I, Kilpatrick had advanced sensationally to the rank of colonel, and was selected for the General Staff. He was in charge of railheads in France, and his meritorious handling of this vital department brought him the Distinguished Service Medal, the Croix de Guerre with palm, and two titles, Chevalier of the French Legion of Honor, and Commander of the Crown of Italy.

The then Colonel Kilpatrick married Stephanie Hengster in 1919. She was a Yugoslavian lady whom he had met in Paris during the war. They have one

daughter, Frances Reed Kilpatrick. After the armistice, the veteran accepted the post of executive vice-president of the George A. Fuller Construction Company.

PIONEERED NEW SPORTS PROMOTION

Answering the Garden's call to the presidency in 1933, Kilpatrick scrapped all the old ideas on how the business should be run, and his ensuing experimentation with new forms of sports promotion brought the Garden the most successful era in its history. In particular, Kilpatrick pushed basketball and ice shows as growing new media of entertainment, and each made an immediate and phenomenal hit with the public.

On the outbreak of the present war, Kilpatrick at once arranged for a leave of absence, and was assigned the command of Hampton Roads in March,

1942. He was raised to the rank of Brigadier General in August of that year.

A WARM-HEARTED PERSONALITY

One of Brother Kilpatrick's most engaging qualities is his ability to meet all types of his fellow citizens on a friendly, understanding basis. His secretary, for instance, offers this page from his engagement book, for just two hours one day in the Garden. Listed among the General's callers were a promoter who wished to rent the Garden, a friend of a friend from Yale looking for a job, a delegate from the teamsters' union, a society woman arranging an ice show benefit, a boxing manager, Sonja Henie, Asa Bushnell of college athletics, Jack Pfeffer of wrestling, and a United States Senator paying a social call.

LETTER TO THE EDITOR

(Continued from page 33)

the President Steamship Line called us on the telephone to say that he had been at Santo Tomas with Rush. They had served together on the sewage detail. He said, "This may sound strange but we chose sewage because it gave our unit a little precious time to sit in quiet after every one else had gone to bed. You see, we had three hours to do the job in and we could do it in two, giving us an hour's freedom. Rush knew a great deal about the stars from his studies in meteorology so we learned a lot about the constellations as we sat there in the night."

At long last the invasion is under way and the day of liberation at hand for the Philippines. Soon all our people in the internment and prison camps will be free. We can only imagine the rejoicing and the renewed hope and courage the sight of our planes brought to those brave and gallant people. Now they know they are not forgotten. After almost three years of internment,

fraught with bitterness and dismay, together with the deadly monotony of their lives, lack of decent food and clothing, the sound of battle would indeed be music to their ears.

I have gone from canteen to canteen, from depots to wharves, from hospitals to barracks and I have come to realize more than ever how privileged you Psi Upsilons have been. With your background and traditions, your social consciousness and training you are fully equipped to lead. It is my hope that Psi Upsilons everywhere will consecrate themselves to the task of understanding the causes of war, working always to educate themselves and others to a decent respect for government and the dignity of man. Our generation which failed so utterly hands you the torch. You have another chance—a chance to make a better world to live in.

Sincerely yours,

MARTHA CLARK

BRIDGING THE GAP TO CIVIL LIFE

How the Navy's Civil Readjustment Program Assists the Veteran's Return to Civilian Status

By Commander Richard F. Warren, USNR, Tau '17

(The opinions or assertions herein are those of the author and are not to be construed as official or reflecting the views of the Navy Department.)

PSI U's who served in the last war know from experience that it is far more difficult to readjust to civil life after serving in the armed forces than it is to adjust ourselves to the Army or Navy way of doing things from civil life.

In the latter case, nearly everything

is laid out for us and all of the group are doing similar things. Our time is fully occupied; we get up at a regular hour (and everyone of us has had murder in his heart when that bugle "busted" in the cold and dark of a winter morning!); we had our periods of drill; our mess was served to us; we had our clothing issued, and life was pretty routine, except of course in actual combat. But even there, there was the feeling of comradeship and teamwork.

Now take the other picture. A man is coming out of the service to go back to civil life. He is leaving a planned existence to revert to an individual existence. He is on his own—and how! He must make his own living and support his family, if any. He must get his own food and his own clothing, and he is very much alone.

What the Civil Readjustment Program is trying to do is to bridge the gap between military and civil life by charting the course for the discharged veteran to follow and steering him to the proper people and agencies to help him in his own readjustment. What I like most about our program is the personal touch it has. Each veteran is an individual, not a "case." He is one of our service, and we who are still on active duty are doing everything in our power to see that the dischargee gets every break to which he is so richly entitled.

Each dischargee is given a preliminary interview prior to his discharge in which his own situation is discussed with him. At this time questions of his national life insurance, mustering-out pay and his desires on returning to civil life are discussed with him, and his

Commander Richard Fairfield Warren, District Civil Readjustment Officer for the Sixth Naval District, is an alumnus of the Tau Chapter, Class of 1917. He received his A.B. degree from the University of Pennsylvania, where he won his varsity letter in track and served on the editorial staffs of college publications.

In World War I he served as an ensign and lieutenant (jg) and commanded the *Valiant*, SP 535, and later served a year overseas in France. Re-enrolling in the U. S. Naval Reserve as Lieutenant Commander in January, 1937, he was called to active duty on April 21, 1941.

He was first assigned to duty in the Fourth Naval District as District Aide for Morale, with additional duty as Aide for Morale at the Philadelphia Navy Yard. He was promoted to the rank of Commander as of July 17, 1942.

Commander Warren has had wide personnel experience in private life as an officer and director of various firms and organizations and was identified with Boy Scout work for 21 years receiving the Silver Beaver Award for outstanding service to boyhood from the Chester County Council, B.S.A. in 1937. His father was the late Henry M. Warren, Xi '80.

Comdr. Richard F. Warren

rights and benefits under present laws are carefully explained to him in detail, and a copy of the booklet, "Your Rights and Benefits," is given to him.

At the final interview with a commissioned officer, the Activity Civil Readjustment Officer, the dischargee may raise any question about his rights and benefits and future plans and be given factual information applying to his individual needs. At the close of this interview, he is given his discharge certificate and his discharge button, if entitled to it. He is clearly informed of his duty to report to his local selective service board within five days of his discharge and to see the reemployment committeeman of that board if he wishes his old job back or new employment.

The men on the selective service boards have performed a splendid, patriotic duty without pay, and one of the most important phases of this duty is the work done by the reemployment committeeman in helping the returning

veteran to get a job, either in his former employment, through the U. S. Employment Service, or directly with an employer. He is helping the veteran get back into the civilian life out of which he was called to serve in the armed forces.

Today in our hospitals every veteran who is discharged by reason of a medical survey is given the opportunity and encouraged to file a claim for a pension. Whether or not the claim is allowed is in the hands of the Veterans' Administration, and also the percentage of disability is determined by their adjudication boards. But the Navy is interested in seeing that all records, and all substantiating evidence obtainable, is submitted at the time it is fresh—at the time of discharge.

At the end of May, 1944, the Chief of Naval Personnel, Vice Admiral Randall Jacobs, called at the Bureau of Naval Personnel a conference of officers who had been designated as District Civil Readjustment Officers, whose duty it was to start the civil readjustment program in each of the naval districts in the continental United States. We received a week of intensive training at the Bureau and a library of reference material.

On reporting to the Sixth Naval District at Charleston, S.C., the first part of my duty was to get Civil Readjustment Officers appointed in the various naval activities which discharged naval personnel. There are now twenty-six of these Activity Civil Readjustment Officers. Preparation of a manual of information for them was another duty of the District Civil Readjustment Office, as the local officers had to be informed of what their duty consisted and what was required of them both in relation to the dischargee and reports to the district office, which compiles these into a monthly report to the Bureau of Naval Personnel.

(Continued on page 44)

"ON TO THE FIELDS OF GLORY . . ."

Brig. Gen. Wessels, Beta Beta '14, Led Burma Assault

Brigadier General Theodore F. Wessels, Beta Beta '14, was decorated by General Joseph W. Stilwell with the Silver Star for gallantry in action during the capture of Myitkyina.

Brother Wessels commanded the final assault on the Japanese stronghold in North Burma after relieving Brig. Gen. Frank Merrill. The official citation which accompanied the award is as follows:

"On July 16, 1944, Brig. Gen. Wessels personally accompanied and attacked and observed the operations which resulted in the penetration of the final enemy positions defending the city Myitkyina. During this time he was constantly exposed to enemy small arms and mortar fire. His fine example of courage under heavy fire served as an encouragement to the Chinese officers and men in the attack and reflect great credit on the Armed Forces of the United States."

General Joseph W. Stilwell decorating Brigadier General Theodore F. Wessels, Beta Beta '14

General Wessels' wife resides in Austin, Texas, and his son is stationed at Fort Benning, Georgia.

Silver Star Awarded Two Alumni for Gallantry

In addition to the Silver Star won by Brig. Gen. T. S. Wessels, Beta Beta '14, in the North Burma action, similar decorations have been awarded two younger brothers in widely separated theaters of war.

Captain William W. Allen, Jr., Tau '36, of Corning, N.Y., an officer in the U. S. Army Field Artillery, was cited for gallantry in action in France. While acting as artillery liaison officer for an infantry regiment, he personally carried a radio sending set forward of the observation post for 100 yards under enemy artillery and mortar barrage. This action on June 22 resulted in accurate artillery fire which enabled the infantry to capture the position.

Lieutenant John F. String, Jr., Chi '42, was cited for conspicuous gallantry and intrepidity in action while serving as commanding officer of the U.S.S. *PC 545* off Anzio, Italy, on March 18. His citation reads:

"When an enemy motor torpedo boat was sighted at night, Lieutenant String immediately ordered the attack. With an expert display of seamanship, he so skillfully maneuvered the ship that the first shots scored hits on the enemy craft before it was able to maneuver into position to effectively use its torpedoes, and the resulting fire caused it to disintegrate in an explosion. This successful action against the enemy contributed materially to the protection of shipping in the Anzio area and to the successful maintenance of forces ashore."

Lieutenant String is an officer in the U. S. Coast Guard, and his home address is Leonardtown, Md.

Brig. Gen. Gage Commands Boston Harbor Defenses

Like Lieut. Gen. Alexander M. Patch, Eta '12, one of our rare Psi U West Pointers, Brigadier General Philip S. Gage, Beta Beta '08, was recently assigned to command of Harbor Defenses of Boston in the Northeastern Sector of Eastern Defense Command. His transfer from command of the Harbor Defenses of New York after three years of service was the occasion of newspaper comment reflecting the high esteem in which he was held by his men.

After attending school in Detroit, General Gage entered Trinity College, where he followed in the footsteps of two older brothers, William H. Gage, Beta Beta '96, and Alexander K. Gage, Beta Beta '96. He was appointed to West Point at the age of twenty and was graduated a 2nd Lieutenant in the Coast Artillery in June 1909.

He began a thirty-five year career of military service with the U. S. Coast Artillery, highlighted by his participation with the 92nd Division in the Vosges defense and the Meuse-Argonne offensive in World War I. After the armistice he served as Motor Transportation Officer with the First Army Artillery at Souilly, France, and with the Army of Occupation in Coblenz, Germany.

He is a graduate of the Coast Artillery School, Ft. Monroe, Va., the Command and General Staff School, Fort Leavenworth, Kan., and the Army Industrial College, Washington, D.C. His military experience included tours of duty in Hawaii and the harbor defenses of Charleston, S.C. During the present war, General Gage was commander of the Harbor Defenses of Sandy Hook, with headquarters at Fort Hancock, N.J.

Marine Captain Wins Bronze Star On Bougainville

Captain Frank K. Finneran, Chi '41, USMCR, who went to the South Pacific in January, 1943, has been awarded the Bronze Star for "heroic achievement as commanding officer of a rifle company in action against the enemy on Bougainville, from November 25 to December 27, 1943."

His citation, signed by Admiral William F. Halsey, says that "despite difficulties presented by the jungle terrain, enemy fire, and loss of personnel, he set an example of combat leadership and maintained the security of his lines at all times."

The former varsity football and baseball star is the husband of Carolyn Evans Finneran, '42, who is enrolled in the Graduate School at Cornell now, and lives at 700 Stewart Avenue, with their son, Frank K. Finneran, Jr., who looks like a Marine already.—*The Chi Journal*.

Wounded at Saipan

Lieut. Charles R. Bechtol, USMCR, Theta Theta '40, is recuperating in a Hawaiian naval hospital from a bullet wound inflicted by a Jap sniper at Saipan island.

A news article included the following account of his mishap:

"He was briefing his N.C.O.'s on the day's operations and had just broken out his map to get action planned when a Jap sniper, evidently wearing no medals for marksmanship, aimed at the ex-Husky and hit him about three inches above the left knee. It resulted in a compound fracture, but it might have been worse.

"The night before Bechtol and his men were subjected to heavy artillery and mortar fire. A big piece of shrapnel hit with a terrific thud within a short distance of the Marine lieutenant, but

he came through without a scratch. Then the next day, when Uncle Sam's boys started to take the measure of the Japs for the final mop-up on the island, a sniper, when no Nips were supposed to be near, got in his work."

Epsilon Nu Petitioner Missing in European Area

Those who attended the session of the Psi Upsilon Convention on the afternoon of the first day at Williams College, in June, 1942, carried away with them a vivid recollection of an attractive young man functioning in a difficult position and doing a grand job.

President Scott Turner had recessed the Convention for an hour and had called this young representative from East Lansing to the platform, to explain and justify the Hesperian petition for a charter, and answer questions from the floor. With great patience and tact, he conducted his case so skillfully that subsequently the Convention voted unanimously to refer the petition to the Chapters for final action.

As this Hesperian envoy left the Convention-hall, President Turner remarked to the delegates, "How many of us could have done as well?" That summarized the feeling of those present. They had seen a remarkably astute presentation of a by-no-means simple proposal, by a pleasant, poised, and alert young sophomore, facing more than fifty skeptical older men who were there to dig deeply and quickly into the merits of the request, even though some bluntness of speech were involved.

The promising young fellow who made such a remarkably good impression was initiated into Psi Upsilon by the Epsilon Nu on October 10, 1943. His name was Robert John McIntosh. We were grieved to learn that this fighter-pilot lieutenant has been reported missing in action over the Euro-

pean area as of July 25, 1944. A month later it was indirectly reported that he was alive. We pray for his safe return to this country.

Distinguished Flying Cross Won by Missing Pilot

Captain George E. Richards, Delta Delta '41, has been awarded the Distinguished Flying Cross for a heroic feat during his forty-fourth and final mission over Balkan territory. He engaged in combat with four German aircraft, and it is believed his ship went down as the result of damage suffered in this battle.

Captain George E. Richards, Delta Delta '41
"Missing in aerial combat"

Other members of his flight saw a P-38 losing altitude and observed a parachute leaving it. As all other P-38's returned safely, the inference is that Capain Richards' plane was downed and that it was he who was seen to bail out. If this is the correct version, Brother Richards may be a German prisoner

of war or associated with friendly partisans.

The official citation which pertains to this award vividly describes the circumstances of his courageous feat, as follows:

For extraordinary achievement while participating in aerial flight. As squadron leader and pilot of a P-38 type aircraft on 10 January 1944, while acting as escort for heavy bombardment aircraft on a vital mission over Sofia, Bulgaria, he intercepted a force of approximately forty enemy fighters which were trying desperately to break through to the bombers. Disregarding the enemy's superiority of numbers and advantages of altitude, he climbed to their level and attacked furiously, the fierce battle raging for over thirty minutes and resulting in the bombers making a perfect run, causing great destruction to enemy equipment, material and installations. As the battle progressed, Captain Richards noticed four enemy fighters attacking a crippled P-38 with one engine shot out. . . . Instructing his flight to continue bomber protection, he immediately attacked the four enemy fighters with complete disregard for his own life or safety and was last seen defending the crippled aircraft, which was enabled to return safely to base. The exceptional and brilliant leadership, selfless courage, and devotion to duty so ably displayed by Captain Richards in this splendid example of achievement and heroism has been reflected throughout his 44 successful combat missions against the enemy and has upheld the highest traditions of the Military Services of the United States of America.

Prior to the date when he was reported missing in action, Brother Richards had been awarded the Air Medal and six oak-leaf clusters.

Having been graduated from New York Military Academy as a Lieutenant in the Reserve Corps, he was commissioned in the cavalry of the regular army at the beginning of the war. His personal interest in flying, which led him to organize the Flying Club at Williams, influenced him to resign his commission and enter the Army Air Corps as an aviation cadet.

His qualities of leadership were manifested at Williams College, where he was Associate Editor of the *Williams Record* and an officer of the Wil-

liams News Bureau, college publicity office. He was selected in 1939 as a Junior Adviser to incoming freshmen and starred on the varsity lacrosse team for three years.

H. Haydn Taylor, Delta Delta '38

"The Commander United States Eighth Fleet, in the name of the President of the United States, awards the Bronze Star Medal to Lieutenant (j.g.) H. Haydn Taylor, U. S. Naval Reserve."

Citation

For distinguishing himself by meritorious services while serving as Communication Officer of a company of the Eighth Beach Battalion during the amphibious invasion of Southern France on 15 August, 1944.

Lieutenant (j.g.) Taylor landed with assault elements and promptly and skillfully established visual and radio communications between adjacent beaches, field units and Naval Command afloat. Despite enemy fire from shore positions, he displayed coolness and efficiency in controlling communications so necessary to the effective handling of the incoming assault traffic, unloading activities and the clearing of the beach area. His persistent endeavors to maintain a timely and orderly flow of signals and communications traffic during the initial assault stages contributed materially to the successful establishment of the beachhead and its rapid extension.

The exceptional ability, cool and courageous action and outstanding devotion to duty displayed by Lieutenant (j.g.) Taylor reflected credit upon himself and the Naval Service.

H. K. HEWITT

Prisoner of War

Lawrence E. Whittemore, Kappa '29, is a prisoner of war at Philippine Military Prison Camp No. 2, at Davao, Mindanao.

Brother Whittemore enlisted in the Army Air Corps in October, 1940. He was stationed at Fort Slocum, New York, for three months, and sailed for the Philippines in January, 1941. He was at Nichols Field, Manila, when Bataan surrendered.

Tau Man Wounded in Action Near German Border

Veteran of the Italian campaign, Sergeant Thomas L. Suedhoff, Tau '43, was wounded in action near the German border on August 26. A report in mid-September revealed that he was hospitalized but making progress.

Brother Suedhoff was awarded the Bronze Star last April for meritorious service in direct support of combat operations in Italy late in 1943 (November 1944 DIAMOND).

His latest address is S/Sgt. Thomas L. Suedhoff, 2628 Hospital Section, APO 698, c/o Postmaster, New York, N.Y.

Wins Navy Cross

Lieutenant Alan S. Frank, U.S.N.R., Omega '38, was awarded the Navy Cross while stationed at Norfolk Air Base for gallantry in action in the Pacific. This information comes from Ens. Philip B. Schnering, USNR, Omega '39, of the U.S.S. *New Hanover*, Naval Training Station, Newport, R.I.

Pi Chapter Men in the Services

Three deaths as a result of the war which it is the chapter's painful duty to report are those of Second Lieutenant Paul G. Thornton, '38; Ted Reed, '44, of Binghamton, N.Y., who was initiated in April, 1943, and left for O.C.S. at Fort Benning the following June; and of Lyndon Wood English, who graduated from Syracuse with the class of 1937. Ted was wounded in France and died the following day; Lyn has been reported as "killed in action"—also in France—on August 11.

Lt. (j.g.) Bob Milford, '42, having undergone a variety of experience as a PT officer in the South Pacific (including some pretty severe wounds) has been returned to duty at the U. S. N. R. Midshipmen's School in New York City. On October 23, he became the proud possessor of the Bronze Star Medal, a special present from Admiral Kincaid himself. We are not in possession of the citation, Milf having been too modest to send it along, and the only information is that it's a reward for the successful completion of some special assignment.

Notice has come that Harold Edwin Ruth, '40, has received a medical discharge from the Army Air Corps as a direct consequence of severe wounds suffered during his service as a pilot in the Battle of Italy.

Promotions noted:

Don Jacobson, '44, former head of the chapter, has completed a training course at Annapolis, became an Ensign early in August and is now at Norfolk getting some advanced work on the newest class of destroyers.

Bill Humphries, '41, returned at long last from eighteen months at Natal where he was serving as Chief Briefing Officer of the South Atlantic Wing of the Air Transport Command, is now sporting captain's bars. His new assignment is, apparently, to Wilmington, Delaware.

Bill McDowell, '42, has completed Midshipman's training and is now an Ensign.

Herb Hansen, '37, is a full lieutenant in the Navy and Executive Officer of a PT tender in the South Pacific.

Harold Hills, '32, now a Q. M. C. Major, is stationed in Hawaii and, according to recent advices, is running a laundry there.

Harold Gosnell, '30, is attached as Chaplain to a Seabee unit somewhere in the Pacific.

Burton Fowler, '32, is a Lieutenant

(j.g.) and is also stationed in Hawaii.

A. Blair Knapp, '26, formerly Dean of Men's Affairs at Syracuse, is now holding down a captaincy in the Air Corps and, when last heard from, was acting as Assistant Commandant of Aviation Cadets at Kirtland Field, Albuquerque, New Mexico.

DANIEL C. KNICKERBOCKER, JR., '40
Alumni Corresponding Secretary

Zeta Zeta Brothers in the Services

We welcomed the return of Captain Malcolm L. Brown, '38, from overseas. He was seriously wounded in Italy on May 27 when a German shell blew his scout car over a one hundred foot cliff between the Melfa River and Caprano. Malcolm is now a patient at Shaughnessy Military Hospital and is reported to be one of the most cheerful in the institution. Perhaps the fact that he saw his little daughter, Elizabeth, for the first time upon his return has something to do with it. His brother, Major W. Thomas Brown, '32, is in a hospital in England, having been wounded in Normandie.

Flt. Lt. Ben Lawson, '35, is navigation officer at Halbaniya, Iraq, a great R.A.F. strategic air base in the Middle East not far from Baghdad.

Lieut. A. Brook Anderson, '38, is in France with the Engineers.

Mark Collins, '34, is at Patricia Bay Air Station, Vancouver Island.

Lieut. W. R. "Dick" Dowery, '40, we hear, is with the U. S. Navy, whereabouts unknown.

F.O. John Jamieson, '38, R.C.A.F., was in Newfoundland when last heard from.

Pvt. Ian McDonald, 43, R.C.A.M.C., left for overseas recently.

Dr. John M. McKenzie, '38, is in charge of a clinic at Christie Street Military Hospital, Toronto, Ontario.

Capt. Pete McKinnon is a liaison officer with the Seaforth Highlands in Italy.

Lieut. Col. Roger Odium, '29, son of Major Gen. Victor W. Odium, '03, is in England.

Capt. John W. Pearson, '40, R.C.O.C., is located at the New Army Building in Ottawa.

F.O. Ed. Pigeon is with the R.C.A.F. in England.

Lieut. Rod. Poisson, '35, R.C.N.V.R., has been stationed recently at Prince Rupert, B.C.

Capt. Ernie Teagle, '42, has been hospitalized in England for head wounds suffered in France.

Fred L. Wallace, '39, with the Merchant Navy, was in Calcutta, India, when last heard from.

L.A.C. Kenneth Logan, '42, with R.C.A.F., is attached to R.A.F. in India.

We have been fortunate to have brief visits from a number of the men on active service, including Squadron Leader Ralph Manning, '37, D.F.C., home from the Burma-India-China front; Capt. Bill Masterson, '28, arrived

in time to attend the dinner on September 20; Lieut. Art Harper, '34, R.C.N.V.R., on leave from his ship; Squadron Leader Winston Shilvock, who received the news of his promotion while on a visit to the city before returning to Halifax; Capt. Doug. Telford, '28, was home for a flying visit before leaving for overseas. He tells us that Capt. Kenneth Telford is at Petawawa, Ontario, and Bob Telford is a pilot overseas with the R.C.A.F.; Doug Cox, '32, is in England with the R.C.A.F.

Weddings

Lieut. R. A. Montgomery, '40, R.C.N.V.R., to Mary Boyd of Vancouver, in Ottawa.

Brother D'Arcy G. Nickerson to Norma Maxine Jackson of Vancouver, in Vancouver on September 13, 1944.

Flt. Lieut. R. Campbell Kenmuir, '42, to Mary Beale of Vancouver, in Vancouver on October 28, 1944.

BRIDGING THE GAP TO CIVIL LIFE

(Continued from page 37)

Among the duties of the District Civil Readjustment Officer is the making and maintaining of contacts with the many agencies, activities, and individuals—federal, state and local—with which we work in the program. In the Sixth Naval District is included all but 16 of the 100 counties in North Carolina, all of South Carolina and Georgia, and Duval and Nassau counties in Florida, and we work with the proper offices in all four of these states.

If at times the District Civil Readjustment Officer feels rather like a traveling salesman, it is not to be wondered at! On my Florida trip alone I covered more than 1300 miles, going to Jacksonville, St. Augustine, Bay Pines

near St. Petersburg, and Tallahassee, as the offices are widely separated.

I could go on at length on details of our program and of the many men who have written in reply to our follow-up letters, thanking us for the Navy's interest in its men who have gone back to civil life and telling us what they are doing. Some, in fact most, have already got a job and are happy in it; some want a job and these are told where to apply for further assistance in getting it; some ask further information on the educational features of the G.I. Bill, etc. All letters are answered with factual information, usually on the same day as received.

NAMES IN THE NEWS

Ruml Proposes End of Corporate Profit Taxes

Again on the front pages appears the name of Beardsley Ruml, Zeta '15, of Ruml Plan fame, as the proponent of a proposal that the U. S. Government should abolish practically all corporate profit taxes, excise taxes and federal sales taxes, relying for 72 per cent of its revenue on individual income taxes, at rates lower than the present.

Believing that "sales taxes are more harmful to business activity than raising the same amount through individual income taxes," the author describes his new Tax Reform Plan in a booklet entitled "Fiscal and Monetary Policy."

Brother Ruml caused an upheaval in government circles two years ago with his "Pay-as-you-go" plan for income tax payment. This principle is adopted in modified form in the present system of withholding taxes.

In the world of finance, Ruml is well known as the treasurer of R. H. Macy & Company and chairman of the Federal Reserve Bank in New York. He has also served in wartime as adviser to the National Resources Planning Board and is active in the Committee on Economic Development, engaged in the planning of postwar industrial expansion.

Gamma Man Defeats Hamilton Fish for Congress

Augustus W. Bennet, Gamma '18, is the David who felled the mighty Goliath, Representative Hamilton Fish, as the latter unsuccessfully sought reelection for the fourteenth time in the 29th Congressional District.

Brother Bennet, Newburgh attorney and lifelong Republican, ran on the Democratic, American Liberal, and Good Government tickets after Fish defeated him in the primary for the

Republican nomination. The margin of victory in the primary was only 3,000 votes and accurately forecast the outcome of the November 7 contest.

Bennet's rivalry with Fish began six years ago during the isolationist-interventionist struggle. He joined a small group of active campaigners against Fish in 1940 and continued his efforts as an active candidate in 1942, losing in the Republican primaries and the subsequent election.

Among his supporters in the 29th District were Helen Hayes MacArthur, Maxwell Anderson, Kurt Weill, and Milton Caniff.

Honor Retired Minneapolis Jurist

Brother Andrew Holt, Mu '80, retired justice of the Minnesota Supreme Court, was honored recently by his colleagues on completion of a remarkable record. He was observing the 50th anniversary of his accession to the bench.

When he first ascended the bench, Judge Holt was one of two municipal judges for the city of Minneapolis. In that day, Minneapolis had a population of 164,738 as compared with the present figure of 492,370.

Brother Holt became a district judge in 1905 and was elevated to the state supreme court in 1911.

Ship Named William Lyon Phelps

A Liberty ship named in honor of the late educator, William Lyon Phelps, Beta '87, was launched August 24 in South Portland, Maine.

Psi U Elected Mayor

Jacob Grafius Calvert, Rho '17, has been elected Mayor of Mountain Lakes, New Jersey. Brother Calvert is with J. P. Morgan and Company. His home is at 106 Ball Road, Mountain Lakes.

Golden Anniversary

The Rev. William Northey Jones, Beta Beta '88, and Mrs. Jones (Carrie L. Clark) of Newtown, Conn., celebrated their Golden Anniversary on October 12. Allen Northey Jones, Beta Beta '17, treasurer of the Executive Council of Psi Upsilon, is a son and still another son is Dr. Theodore W. Jones, Beta Beta '25. His son who was christened by his grandfather at Trinity Church in October, we suppose, will appear f.o.b. Hartford, c/o Trinity College, about 1962.

New Deal Wheelhorse

In the *New York Post*, October 21, 1944, is an interesting account of Senator Theodore Francis Green, Sigma '87, who is an outstanding administration wheelhorse in Congress. Although 77 years old he bore the brunt of the recent row over the federal ballot for servicemen and also directed the inquiries of the Senate Campaign Expenditures Committee. Brother Green was twice Governor of Rhode Island, before going to the U. S. Senate, where he has since remained.

Archibald MacLeish, Beta '15

It is tragic that the paper shortage prevents us from printing the tribute to Wendell Willkie written by Archibald MacLeish, Librarian of Congress. This dedication was delivered by Raymond Massey at the opening session of the *Herald-Tribune* Forum.

Patch Sends Word of His Son's Death

Lieut. Gen. Alexander M. Patch, Eta '12, commanding the American Seventh Army in Germany, notified his wife on October 23 that their son, Capt. Alexander M. Patch, had been killed in action.

Other Names in the News

Frank J. Gould, Delta '99, is believed to be safe in his villa near Cannes, France. The Red Cross reported that he and his wife had weathered the German total occupation of France and were living at his villa at Juan-les-Pins near Cannes, France. Mr. Gould has been aiding financially the American Friends Service Committee's work among the French children.

Henry C. Trundle, Chi '21, has been appointed vice-president of G. A. Saxton & Co., Inc., 70 Pine Street, New York. Henry should have been president of a clipping bureau because he is continually sending in printed notices of Psi U's in the news. Some sixth sense aids him in picking out the brothers.

Adrian Van Siderin, Beta '10, president of the Brooklyn Savings Bank, has been elected a director of the National Surety Corporation.

A. Dwight Orr, Theta Theta '25, treasurer of the Weyerhaeuser Timber Co., of Tacoma, Washington, was recently elected president of the Seattle chapter of the Controllers Institute of America.

John S. Wiltse, Delta '33, was honored by the annual award of the National Office Management Association for the best paper submitted during 1943-44. His subject was "Post-War Planning in the Office."

Lt. Col. Jason S. Joy, Xi '10, Director of Public Relations for 20th Century-Fox Film Corporation, is responsible for the unusual public attention accorded the motion picture, *Wilson*, which depicts the public career of our earlier wartime president.

David F. Beard, Tau '23, former manager of direct mail in the circulation department of McGraw-Hill Publishing Company, New York, resigned recently to become advertising manager of the Reynolds Metal Company, of Louisville, Ky.

PSI UPSILON SCENE

Executive Council Elects Head of Zeta Alumni

Election of Brother John R. Burleigh, Zeta '14, for a five-year term to the Executive Council brought recognition to a man steeped in a Psi U family tradition and devoted to his chapter at Dartmouth College.

Bachrach Photo

John R. Burleigh

His initiation into the Zeta in December, 1910, continued a Psi U lineage beginning with his father, William R. Burleigh, Zeta '72, and four of his father's brothers, Charles, Zeta '75; Edward S., Zeta '78; John M., Kappa '78; and Walter, Kappa '80. This line extends to the next generation through his son, George C. Burleigh, Zeta '40, now in the U. S. Army Medical Corps.

Since 1935 Brother Burleigh has been President of the Zeta Association of Psi Upsilon, representing the alumni group and owners of the chapter house. Dur-

ing this tenure he launched the drive to finance and build the present chapter house, which was ready for occupancy in the fall of 1940.

He has served as President of the Dartmouth Alumni Association of Boston, a member of the Dartmouth Alumni Council, and a trustee of the Dartmouth Outing Club of Boston.

In addition to his insurance business conducted at 82 Devonshire street, Boston, his experience includes that of director and trustee of various organizations and businesses. Brother Burleigh resides at 73 Oxbow road, Weston, Mass.

Chi Journal Noteworthy Addition to Alumni Bulletins

Congratulations are in order to Brother Herbert H. Williams, Chi '25, as Editor of the War Series of the *Chi Journal*, published regularly by the Cornell University chapter at Ithaca,

The *Chi Journal* is a worthy contemporary of the *Omicron Arrow*; *Psi Upsilon*, sponsored by the Puget Sound Alumni Association; and *Bulletin*, published by the Psi Upsilon of Philadelphia. (See March, 1944, DIAMOND.)

It is a bright four-page printed sheet in newspaper format, replete with pictures, news stories, editorials, and letters from alumni in all quarters of the globe.

Brother Williams, interim editor of the *Journal*, has been on loan from his job as Director of the University's Placement Service to the College of Engineering as assistant to Dean Hollister. He hopes to return soon to prepare for the big job of helping Cornellians get relocated in jobs after the war.

News and pictures for publication are solicited and should be addressed to the Editor at 390 Oak Avenue, Ithaca, N.Y.

Zeta Zeta Alumni Elect Officers in Vancouver

On September 20, a dinner meeting was held at the Hotel Vancouver. About forty of the brothers attended, active and alumni, and the election of officers of the alumni body was held. Brother Alexander W. Fisher, Zeta Zeta '32, Nu '35, will be President, and a board of five directors for the 1944-45 season was appointed. Brother Fisher has already initiated a programme of increased activity for the association and greater support for the active chapter.

Since the outbreak of hostilities it is fair to say that as a body the alumni of Zeta Zeta has been mostly inoperative. A large percentage of the men being in the services and absent from the city has no doubt been the prime reason and, of course, the increased pressure of business on those brothers locally resident has not left them the time which they formerly had for fraternity activities.

During the summer, at the instigation of Brother Fisher, a dinner meeting was held at the Terminal City Club, Vancouver. This has become a regular monthly event and the attendance at each dinner has been greater than at the previous one and the growth of enthusiasm has been commensurate with the attendance.

During the month of October, the alumni attended active chapter rushing functions, these being a dinner at the Pacific Athletic Club and a Sunday evening gathering at the home of Brother Bill Hacking. Both events gave the alumni an opportunity of mingling with the rushees and giving what assistance they could to the Active chapter. It was gratifying to all brothers to see the calibre of the men who were rushees and the results shown at the pledging were a sufficient demonstration that Psi Upsilon standards at the

University of British Columbia are still of the highest.

W. ARTHUR MCCCELLAN, Secretary
Zeta Zeta Alumni

Pi Alumni Association Reports Lively Program

On July 31, the annual business meeting and clambake of the Pi Alumni Association was held at Hinerwadel's Grove, Syracuse. The good old fashioned game of "barnyard golf" took care of most of the leisure moments. Brother Bob Haley, '33, made his last appearance as President, receiving good wishes and hopes for an early return to an active part in the Association, for he left for the Navy August 11.

On September 20, a banquet was held at Tubbert's. Brother Dan Knickerbocker, '40, was the guest of honor and was officially installed as Pi Alumni Corresponding Secretary. He received a great deal of well-deserved praise for his fine news letter which has been going to most of the Pi men in service. A report was made to the Association as to the condition of the Chapter and the difficulties which had finally resulted in a decision not to open the House this semester.

Several speeches were made dealing with various aspects of the problem of the place fraternities will occupy in the university life of the future.

On October 18, a formal business meeting was held at the House, at which Brother Leibfried reported for the Active Chapter that seven men had been pledged. When the Association learned that a sufficient number of men would be able to live in the House next semester, it was voted to open the House in time for the opening of the semester.

The appointment of a Planning Committee was unanimously approved. This was not named a "Post War Planning

Committee" because it hopes to accomplish some results before the Post War period arrives.

We hope to keep in closer touch with our alumni in the future, now that Brother Knickerbocker is our Alumni Corresponding Secretary. We know that he will have more news for the next edition.

FREDERICK S. BENSON, '34, *President*

Philadelphians Honor Munson and Price at Fall Outing

An innovation was tried by the Psi Upsilon of Philadelphia in holding their fall outing on September 23 at a private manse instead of a club. The locale was the hospitable home of C. Linn Seiler, Tau '08, at St. Davids, Pa.

Some of the brothers took advantage of the golf course nearby, while others gathered at a self-help bar handy to the lawn, where everyone was trying to outtalk the others. Men turned up who had rarely or never come before. It was like old college days, with the "do-you-remembers" flying thick and fast.

At seven they sat down to an Italian spaghetti dinner, with a special Psi U Cocktail, and with piano going full tilt most of the time. At intervals, one even heard imitations of real part-singing.

President Bill Harbeson, '06, introduced Brother John D. E. Spaeth, '88, as ringmaster, and all semblance of sectionalism and modesty disappeared thereafter. Two revered elder statesmen were specially honored. Brother Morton M. Price, Theta '99, and Brother Ray Munson, Xi '08, had to sit and listen to fulsome biographies and then rise for rafter-ringing toasts. Both exhibited surprising wit in their replies, setting the pace for the evening.

Ten chapters were represented, and each had its orator who was called to his feet. After the toasts, orations, poems, and gags were finished, many remained to crowd around the piano,

singing Psi U melodies over and over again. Midnight arrived before the last man slipped away after an evening best described by Ray Munson, who remarked, "I don't know when I have enjoyed myself more with a group of Psi U's."

Kappa Alumni Notes

U. S. Rep. Robert Hale, '10, of the 1st Maine District, who was reelected in September for his second term, is one of several Congressmen making first-hand studies this month in England "with a view to fostering of our own economy and the prevention of future wars through collective security arrangements," and other matters of international importance upon which "any American legislator cannot be too well informed." He and his colleagues were taking advantage of the Congressional recess until November 14, to "educate themselves for the better protection of American interests in the years to come."

Lt. Col. Philip M. Johnson, '18, Commander of the 3rd Battalion of the 179th Inf. of the 45th Division USA is now overseas.

Prof. E. Baldwin Smith, '11, of Princeton, who has been teaching at the Naval Training School at Quonset, R.I., has returned to his home at 211 Prospect Avenue, and to his regular duties as Professor of Art and Archaeology in the University.

Edgar R. Payson, Jr., '14, is now living at 42 Grove St., Boston 14, Mass.

Allen W. Lander, '10, is now Sales Manager for the Eastern District of the Lunkenheimer Valve Co., 318-322 Hudson St., New York 13, N.Y.

Lt. Dick Mawhinney, USNR AC, '33, was through Brunswick recently on short leave, headed for some station in Florida.

Maj. Douglas Walker, '35, is attached to the office of the Surgeon General,

USA, located in the Maritime Bldg., 18th and Pennsylvania Ave. N.W. He is living at 4816 29th St., South Fairlington, Va.

Lt. Comdr. James E. Bassett, '34, formerly a reporter on the *Los Angeles Times*, is assistant public relations officer on the staff of Admiral Nimitz.

DR. C. S. F. LINCOLN, '91

News of the Mu Alumni

Lt. Gerry Ryan and "Sanny" Heinrich were married in Minneapolis on Saturday, October 28. . . . Lt. Bill Ferriss was last heard from in New Guinea where he was attached to one of General MacArthur's bomber squadrons in a quartermaster capacity. A tidal wave swept in over the native's shack in which Bill and fellow officers were bivouacked and scattered all personal effects beyond recall. . . . Major Jim Campbell was last heard from in England many months ago, expecting to move into France in child rehabilitation work. . . . Lt. Mickey Fredell is probably in France now after two years in England with the air corps in flight control work. . . . Lt. (j.g.) Jack Bradford is nearing completion of two years at sea in the southwest Pacific on a carrier as an operations officer. . . . Lt. (j.g.) Tim Towle was recently back home in Minneapolis on a transfer leave between Corpus Christi where he has been instructing in fighter planes, and Jacksonville where he is training as a dive bomber pilot. . . . Lt. (j.g.) Bill Bredesen is somewhere in the Pacific on an LCI. . . . 1st Lt. Heine Somsen is back at Wright Field, Dayton, Ohio, after completion of his OCI training in the Judge Advocate General's school at Ann Arbor. . . . Jack Schmitt, Mu '32, finds the feed business rushing and the duck hunting excellent in Mankato. . . . Jim Richards and family are located back in Minneapolis with Fegles Construction Co. after wandering around the 48

states as a construction engineer. Jim's brother-in-law, Sgt. (Monk) Saunders also of the Mu, arrived back in his home town of Detroit Lakes, Minnesota, for the opening of the duck season. Jim and Monk bagged their limit with ease near O.L. . . . Lt. (j.g.) Bud Wilkinson who attained All-American football and hockey distinction at Minnesota in the middle thirties is assistant football coach of the Iowa Seahawks. . . . His brother, Lt. (s.g.) Bill, who received a full-page citation from Admiral Nimitz for his part as gunnery and radar officer on a destroyer which took part in many important landing operations in the Pacific over a two-year period, is now assigned to Hollywood, Florida, as an instructor in gunnery and radar. . . . Lt. (j.g.) Austin (Ockey) Knutson was in Minneapolis recently after a long spell at sea on an attack transport. . . . Frank Wright has gone aviation "wackey" and is doing a lot of flying around the country as Vice President of Van Deusen Aircraft. . . . Oty Dypwick is Director of Employee Services, Public Relations, etc., at the Twin Cities Ordnance Plant which manufactures small arms ammunition. . . . Dick Forrest and his publishing business are "doin' O.K.". . . . Howie Gibbs is some place in the Pacific with his Seabee Outfit. . . . Herman (Brother) Berg won the Minnesota State Amateur Golf Championship this summer, thereby proving that sister Patty, now a Lieutenant in the Marines does not have a monopoly on the family's golfing talents. . . . Col. Harold Schaub, who was ROTC commanding Officer at the University of Iowa, is now Commandant at Shattuck Military Academy, Faribault, which is the alma mater of scores of Mu members. . . . Lt. (j.g.) Judd Ringer is a Marine pilot somewhere in the Pacific as is Lt. (j.g.) Fred Baston. . . . Joe Daunt is serving on the advertising committee of the Better Business Bureau along with his executive duties with the New England

Furniture Company. . . . T. Parker Lowe, now of Los Angeles, was in the Twin Cities for three weeks in October. Part of his time was spent at work, Anchor Casualty Company; the balance hunting in Minnesota and South Dakota. . . . Robert B. Hartzel is President of Better Home Heating, Inc., the fuel dealers' association of the Twin Cities. . . . Lawrence Carleton is now with the Marines on Guam. . . . Richard Huxley is teaching school in Redwood Falls, Minnesota. . . . Dr. P. C. Roy is being run ragged as a Doctor in St. Paul with hardly a minute to call his own. . . . Bob Jacobson is one of the millions of drug store proprietors having trouble getting cigarettes. . . . John Cotton is a Lieutenant in the Marine Corps stationed at St. Simon, Georgia. . . . James Coleman, our most able Treasurer of the Psi Upsilon Alumni Association of Minnesota, writes insurance policies for Sexton Company. . . . Capt. John C. Hammeral is with the Infantry in France. . . . Lt. Heine (Louis) Knoblauch is a radar officer in the Pacific. . . . Ell Torrance has recently been appointed on the Minnesota Air Ports Commission. . . . Bill Boutell is taking it easy playing golf after a long siege of sickness. . . . Hubert Kennedy left the bond business and is now President of the Cedar Lake Ice and Fuel Company. . . . Pat Sawyer is back in the paper business, now being associated with Newhouse Paper Company. . . . Stuart Wells, Jr., Gamma '32, is a Department Manager at The Dayton Company. . . . Barney Jones operates his own restaurant in Minneapolis *with* red points. . . . The Loomis twins, Gordon and Bill, see that the largest office building in the state, the Northwestern Bank Building, opens its doors each day. . . . A. Laird Goodman is associated with the New York Life Ins. Co. in Duluth. . . . Lt. Chas. Hibbard is stationed on the USS *Tulsa*, last heard from in the Pacific. . . . Frank

Carleton has left the First National Bank of Minneapolis, and is now spending his time with Piper, Jaffrey and Hopwood Company, investment bankers. . . . Jack Price is the insurance man for "Wildcat Hawley" of Northern Pump Co. . . . Earl Farnam, famous Minnesota roving center is active in the construction line in Duluth. . . . Lt. Harold C. Lyman is stationed in the Aleutians. . . . Dick Cullum, aside from being a crack fisherman, edits the sports pages of the Minneapolis *Daily Times*. . . . Lt. Wally Cowan is stationed in San Francisco with the Armed Guard. . . . Jack Vilett is the priority adviser in addition to his purchasing job with Northland Electric Supply Company. . . . Chas. L. Chase, Mu '91, still checks books at his Enna Jettick shoe store while Richard C. Bates, Mu '31, congratulates his dad on the fiftieth year in business operating the Home Trade shoe store. . . . Howard Cless is another paper man; his association is with John Leslie Paper Company. . . . Maurice Strothman is practicing his law for the Federal Reserve Bank of Minneapolis. . . . Robt. Brooks, Mu '12, sees that the merchandising problems are solved at The Leader Department Store. . . . Wm. G. Compton, Mu '02, is privately attorneying in Minneapolis. . . . Major Jim Addy is seeing plenty of service in the European area. . . . Jack, Dick and Tom Heinrich are the envelope men in Minneapolis. . . . Geo. A. Carleton, Mu '11, and one of the most active of the alumni, heads up War Bond and War Chest drives in addition to Presidenting the D. P. Jones Real Estate Company. . . . Lt. (j.g.) Bill Schilling is home on leave wearing four gold stars. He has been in the South Pacific for the past 13 months on the USS *Saratoga*, an aircraft carrier. Bill will be stationed for the present at the Hollywood Beach Hotel, Hollywood, Fla. . . . Lt. (j.g.) Ray Biem was recently

(Continued on page 57)

THE CHAPTERS SPEAK

KAPPA

Bowdoin College

The Chapter is still on the map, but with reduced contours. The College decided in 1942 that the old green house was most suitable for a dormitory and club for the Naval Radar students, and took it over. We have held our few initiations in the hall, but otherwise we have no use of the house. Our few undergraduates are living with the Dekes, and eating with other fraternities, first in the TD and later in the DU House. Our two upper classmen have been in service, but were honorably discharged, Holden Findlay, '44, and Ray Boucher, '45; Louis Hills, '47 and Al Chillson and Art Sewall, '48, are our other undergraduates, and we hope to infuse some new blood this fall. The remainder of the '45, all the '46, and four of the '47 delegation are now in active service. It is difficult to hold on to them after they reach the draft age.

The College plans to close all the Houses this winter, moving the boys into the dormitories, and probably have a common mess in the Union.

When a more quiet era arrives, and the college attendance warrants, the House will be opened again and the Kappa hopes some of the former members may return to finish their interrupted courses, and that the Chapter may take a new lease on life.

We have been and are in a more fortunate position than some of our chapters which have closed down for the duration and are taking in no new members. While our membership is small and our chapter activities practically nil, we have been able to keep a small nucleus for the brighter days ahead.

XI

Wesleyan University

The Xi is still functioning and strong as another semester begins. The past term saw the addition of nine men to our ranks, four during the regular rushing season and five subsequently. One, while still a pledge, entered the service, and four of the others were pledged too late in the term to make initiation feasible; so we start the winter with ten initiated brothers and four pledges. Of this total there are four civilians, all living in the fraternity house which is still completely in the Xi's hands.

The permanence of the V-12 unit at Wesleyan is a matter of some question. It is assured, it seems, of remaining until March of this year at least, but from that time its future is in doubt. No new V-12's will be entering for the winter semester.

There will be a small civilian freshman class entering, however, and the Xi will of course carry on the cultivation of these men with great care. And it seems reasonable to predict some success. The Xi is not as strong numerically as some of the other houses on campus which have not been as hard-hit by service calls, but it has succeeded in retaining a position of leadership. Among its numbers it counts members of the soccer team (no inter-collegiate football was played at Wesleyan this fall), the editor-in-chief of the college year book, the chairman of the college rushing committee, men on the various college publications and other activities.

With strong alumni support and sincere undergraduate effort, the Xi has passed through the difficult war-days, and has every prospect of continuing to do so successfully.

JOHN B. HALSTED, '47
Associate Editor

IOTA

Kenyon College

The Iota chapter has tried to keep up many of the old traditions of the chapter itself and of Kenyon College; as many, that is, as are possible to be carried on in wartime. Although we have been forced to move from the Alumni House, where we moved, after the Army had taken over Leonard Hall, to Middle Kenyon, we still have hopes of being back in Leonard Hall before next summer. Psi Upsilon has been fortunate in procuring the entire East Hall of Middle Kenyon. The Alumni House is undergoing a complete rejuvenation process in order to enable it to be used by visiting alumni again.

So far the Iota has been able to keep up the roll call of members. There are at the present time ten active members, quite good, considering that the enrollment of the school is only eighty. On October 13 we had a splendid initiation ceremony and banquet. Six pledges were initiated at the Lodge, and then the members plus numerous guests and friends of the chapter had a magnificent banquet at Pierce Hall. Those initiated were as follows: Robert Grabosky, Canton, Ohio, William E. Rathman, Middletown, Ohio, William T. Bulger, Flint, Michigan, William A. Cole, Detroit, Michigan; Stewart E. Perry, Pittsburgh, Pennsylvania; and John A. Shortridge, Canton, Ohio. We were very fortunate in having Brothers Leo Wertheimer '99, Newport News, Virginia; Walter Curtis, '03, Mount Vernon, Ohio; Carl Weiant, '05, Newark, Ohio; Howard Harper, '27, Jackson, Michi-

gan; and Robert Ballantine, '45, Cleveland, Ohio, with us for the initiation.

The prospects for pledges next term, starting November 16, seem bright. Notwithstanding the fact that only two men are entering Kenyon on November 16, there were eleven men who entered Kenyon at mid-terms, September 29. These entering freshmen, however, were not allowed to pledge any fraternities until the first of this winter term. Consequently we have very good possibilities of pledging some of these men.

Robert Elliott, '46, has been an especially active president during this past term and has done a truly remarkable job in carrying on the affairs of the chapter. Regular meetings are held in the Lodge every Tuesday night, after which we still "sing down path."

LLOYD O. SHAWBER, '48
Associate Editor

PHI University of Michigan

It is between semesters at Michigan. The Phi had their last meeting of the semester two weeks ago and we bade farewell to three Brothers who have left Ann Arbor to obtain further training and possible commissions in the Navy. Brothers Bill Ducker, Bud Eaton, and Bill Ford have all held office in the Phi during their studies at Michigan as Navy V-12 trainees. We at Michigan are going to miss them much.

This coming semester will find the campus with more men than were here last term, and we are hoping to build up a substantial enough list of active members to be able to move back into the house at such time as the University returns it to us. At present the house is being used as a residence hall for University freshmen. Our house, by the way, is the only fraternity house under the management of the University which is housing men—the rest are housing women.

Rushing at Michigan is now on the deferred system, whereby we may rush at any time during the semester. Therefore, may we ask all Psi U's for recommendations concerning any eligible men, either here in school or planning to attend Michigan in the near future.

Realizing that the time of issue of the DIAMOND will catch us in the middle of the semester, we wish to express in advance our thanks to those alumni who have aided us in rushing by sending in the names of potential pledges.

At the time of this writing we have not as yet held a meeting in this new semester as classes don't start until Thursday, November 2. The election of new officers will be held at

that time however. The announcement of the new officers will have to wait until the next issue of the DIAMOND.

For the Chapter
WILLIAM C. LANGFORD
President

OMEGA University of Chicago

In spite of war time conditions, the lack of a chapter house, and the general trend of most fraternities on campus to discontinue activity, the Omega Chapter has continued to function as a working unit. At the beginning of this year there were six brothers still on the campus; of these six, four were in the Navy V-12 Medical Unit, one was in the Army A.S.T.P. unit, and one was of civilian status. Since that time we have added to that number eleven pledges and one brother discharged from the armed forces, to bring our total number at this time to eighteen men.

The following men have been pledged: John Bachman, Burton Barnard, Walter Hagens, Charles Lauretson, Jack MacCarthy, Donald McBride, Tor Richter, John Robinson, John Sharp, John Spencer, Le Moine Stitt, all of Chicago, Ill.

We have held regular business meetings and at intervals have had dinner with the Omega Chapter alumni brothers of the Chicago area. At these dinners we discussed the future of the Omega and other pertinent matters. One of the most interesting features of these meetings is the reading of letters from brothers in the armed forces. Brother Charles Cowan, a trustee of the Chapter, has acted as a clearing house for these communications from brothers in all parts of the world and has compiled and kept up to date a list of these brothers' addresses which is sent to all Omega men three times a year.

Financially the Chapter is in very good condition. As was reported some time ago the mortgage on the chapter house was paid up in 1941. Since that time the house has been leased to the University for use in their housing program and with this source of expense removed from our hands Alumni Brother Jacob Pratt, our director of finance, reports our balance to be well up on the black side of the ledger. This fact promises to be of utmost importance when the Omega resumes full scale operations (we hope in the near future).

We believe that our continued active existence has proved valuable in many ways. Outstanding among these is the fact that we will have a small nucleus of men on which to build after the war and the holding of our band together gives us all a chance to contact

and see brothers in the armed forces who are home on leave or passing through the city.

We wish to take this opportunity to extend our greetings to all of the chapters and to all of the brothers serving in the Armed Forces here and abroad.

HILLIER L. BAKER, '44
Associate Editor

PI Syracuse University

The nucleus of the Pi is steadily growing. The House has been returned to us by the Army and is in exceedingly good shape.

The active chapter, consisting of four men (i.e., John E. Leibfried, Jr., president and rushing chairman; Arthur C. Friedel, secretary; Robert Cadigan, Jr., treasurer; and John Weiss, social chairman—has so far pledged seven men. They are: Donald Eshnour, Bill Cummins, Paul Fout, Charles Donnelly, Bob Hilfinger, Bill Steckel and Jim Abbott.

At this writing, plans are afoot for a Colgate Open-House and we feel certain that it will be, as it always has been in the past, a success.

Plans have also been made for opening the House in January. It is contemplated admitting other fraternity men in the House for rooming quarters, on a purely semester basis. Before any man can be admitted however, the unanimous vote of the active chapter must be had.

We sincerely hope it won't be long till everything is again normal and in *status quo ante bellum*.

JOHN LEIBFRIED
Associate Editor

BETA BETA Trinity College

The Beta Beta Chapter is in the hands of the Alumni Chapter, as we now have no undergraduates. We meet regularly month by month and are really having a very good time out of it, and are confident that we are keeping up the spirit of the fraternity.

We have no social gatherings and receive no alumni notes. If, however, anything does come to hand that might be of interest to you, we will send it along.

I am sorry to write you such a footless note, but it is the truth, and we have our difficult times, keeping the older ones interested and active. Next July will see the end of the V-12 at Trinity, and we haven't dared to part the curtains to see what comes after that date. We are waiting to see what becomes of Mr. Hitler.

COL. J. H. KELSO DAVIS, '99
President

ETA Lehigh University

The Eta Chapter House, which was taken over by the University for the use of the Army, has been turned back. Casual inspection of it shows that it seems to be in pretty fair shape.

No settlement has yet been made to the University regarding rental for the house, but it looks as though the total amount would be about \$1200.00, which represents about one year's use of the property.

The Eta Chapter is entirely dormant, with its active affairs in the hands of a small group of local alumni. No plans have yet been made for attempting to rejuvenate the chapter, because the number of men in college who would be eligible for membership is too small.

CADWALLADER EVANS, JR., '01
President

MU University of Minnesota

It is with pleasure that we announce that the active chapter has again taken over the Hall of the Mu. The Navy occupied our house from June 1943 until November 1944. On November 1, 1944, our furniture was moved back in the house and the house put in order. Brother David Utz, USNR Medicine, and John Watson, USNR Medicine, will manage and live in the house. In addition, there are six other brothers in and out of the service that are presently attending the University of Minnesota. They are: Brothers Ernest Small, Dentistry; John Tyler, Chemistry; Frank Schnugg, USNR Medicine; Fred Havens, USNR Medicine; Richard Johnson, USNR Medicine; and Hudson Meally, Honorable Discharge, Science, Literature and Arts, who has participated in several conference football games as fullback.

It is with deep regret that we list the Mu's casualties in the military service.

Lt. John D. Greathouse, USNRMC, killed in action (at sea).

Lt. Howard Mealey, AAF, killed in action (U.S.).

Lt. Emory Nowell, AAF, killed in action (Europe).

Lt. Geo. M. Footh, AAF, killed in action (U.S.).

Capt. Robt. H. Wetherbee, AAF, missing in action (Europe).

Lt. Ellsworth E. Atkinson, AAF, missing in action (Bougainville).

Lt. Leo Canelake, AAF, missing in action (Europe).

Lt. Howard Schanke, AAF, missing in action (Europe).

Capt. Welles Hodgson, AAF, prisoner of war (Corregidor).

While on leave the following Brothers have renewed their acquaintanceship with members of the chapter: Lt. (j.g.) Herbert Parker, Lt. (j.g.) Horace Hitch, Lt. James Smith, Lt. John MacDonald, Lt. Charles Kelly, Lt. Reid Wortham, Lt. William Hagerman, Lt. Leonard Griffith, Lt. Martin Baskerville, Capt. John Lewis, Ensign James Meier, Sgt. John Roberts, Pfc. Stuts Maul, Lt. John Van Ost.

For the present time, the house will be used only for sleeping purposes. The chapter is very much interested in securing the names of "Psi U caliber men" who are attending the University of Minnesota. We would like to build up our chapter as fast as possible so that it again will be like "days of yore."

To celebrate the opening of the house, the Mu Chapter opened its doors to the alumni for Homecoming festivities after the Northwestern football game Saturday, November 4.

For the Chapter,

DAVID UTZ

JOHN WATSON

RHO University of Wisconsin

As mentioned in the November DIAMOND, the Rho Chapter is again occupying the Chapter house at 222 Lakelawn Place. By taking in outsiders as roomers, it has been possible to meet all financial responsibilities and to pay a considerable amount on our small mortgage. Due to the efforts of our alumni adviser, Frederick S. Brandenburg, '09, and steward, Ray Patterson, '43, the chapter is in good financial condition and should be almost debt free for brothers returning from this war.

A recent initiation was held in which five pledges became Brothers. The newly initiated Brothers include Jerry Wall, '47, son of Donald Wall, '12; Thomas Gocke, '46; Donald Jefferies, '46; Kurt Grime, '47; and William Davis, '47. In addition to the above named Brothers, Brothers Ray Patterson, Jim Stouffer, Bill Johnson, and Tom Troup are active at the Rho. At present we have five pledges at the Rho. One is leaving soon due to a call from the Army Air Corps, but the prospect of getting more pledges is very good at Wisconsin. A large group of pre-draft freshmen and returning veterans are here at the State University and full scale rushing activities are now being undertaken. Being one of the few fraternities with a chapter house, we have a definite advantage over other fraternities in Madison.

Many Rho brothers in service have been heard from. Brother Lt. Harvey Clements, '43, was wounded in the invasion of France and

he saw Brother Lt. Bob Braeger while recuperating in an English hospital. Bob when last heard from had completed 38 missions. Brother Tom Watson, '47, is finishing his basic army training in Georgia, and Brother Dick Troup is with the Navy Hospital Corps in San Diego. Brother Nic Bur returned to Madison recently with his 2nd Lt. commission as did Brother Bob Froeke. Brother Don Stack is now in a Navy radio training school at Gulfport, Miss. Brother George Hoefell is a Navy petty officer working in the Navy research labs in Washington, D.C. Brother Joe Hoefell is now an officer with the Army medical corps at Fort Devers, Mass.

The Rho Brothers at Madison have been very active in University activities. For the recent University Homecoming Brother Ray Patterson was general chairman and Homecoming King, Brothers Bill Johnson and Kurt Grime were in charge of decorations, and Brother Don Jefferies was financial chairman. On the newly organized Interfraternity Board and Council, Brother Tom Troup is the president. The basketball team looks like an all Psi U combination again this year, with brothers Ray Patterson, Bill Johnson, and Kurt Grime as returning lettermen and pledges Don Raefeld and Bill Bachman first string material.

TOM TROUP, '45
Associate Editor

OMICRON University of Illinois

We have had three meetings of the Omicron Chapter this fall, one on September 12, another on October 10, and the third on November 14.

Noah Jacobsen, '06, came out for the October meeting and brought along Gov Swart, '06, of New York. The first appearance that Brother Swart has made in these parts for quite some time. We were all very glad to see him.

Brother Frederick Green, of Urbana, was kind enough to attend a meeting of the representatives of fraternities at Champaign, called by the University to consider the advisability of additional supervision and regulation of fraternities; house mothers; and the supervision of accounts.

Apparently, at the meeting there was more discussion than anything else, and a committee was appointed to look into the situation. There was also some conversation of the action taken by Brown University. We expect to hear more when the committee reports back.

Aside from that, things are about the same. We will continue to hold our monthly meetings on the second Tuesday of the month at

the LaSalle Buffet, 211 North LaSalle Street, Chicago.

J. RUSSELL SCOTT, '23
President

DELTA DELTA Williams College

Although the Delta Delta Chapter is now closed and Williams is inhabited by the Navy, the alumni and administration are concentrating their efforts on the future of the college and of the fraternity system which is such an important part of its activities.

The fraternities realize that they have not been perfect and that, by constructive action, they can play a more important part in revitalizing the college when it reopens. One of the most interesting developments can best be described by quoting from a letter written by President Baxter, which reads in part as follows:

... At the recent meeting of our Board, the Trustees authorized "the appointment of a Committee consisting of the President and the dean *ex officio*, together with members of the Board of Trustees, of the faculty and of the Society of Alumni, to study college policy with regard to student activities and their relation to educational objectives, and to make such report to the Board as the Committee considers desirable. The President was directed (1) to invite the Society of the Alumni, and the alumni organizations of the various fraternity chapters and of the Garfield Club, each to name one representative to this committee and (2) to appoint other representatives in his discretion and (3) to name a Chairman." The committee has been meeting periodically since July and it is confidently expected that great results will develop from its activities. Williams, as a liberal arts college, and the Delta Delta Chapter of Psi Upsilon, as an integral part of it, will have a huge share in training for leadership in national and world affairs the students of the future. It has been predicted that there will be a reaction in the direction of liberal education when the war ends, and among veterans as well as the younger men of pre-war college age. With the help of its alumni and their continued interest, Delta Delta will be able to perpetuate the fraternity at Williams and thus render further service to Williams College in its efforts to take care of its share in the United States' educational needs.

Constructive action in the post-war era is the watchword of the strong, young Williams chapter, and some of its plans for the future appeared in its communication to THE DIAMOND in the March issue.

JEROME W. BRUSH, JR., '39
President, Delta Delta Society, Inc.

EPSILON PHI McGill University

The Epsilon Phi chapter lost two more of its brothers on active service during the summer. Lieut. Ian McCrimmon of the Tank Corps was killed in the region of Caen on August 13. Lieut. Henry Trenholme, also of the Tanks Corps, was killed in Normandy.

The active chapter began the new semester with a total of eighteen brothers. After a brief rushing season, five men were pledged, and they will be initiated on November 18. We were fortunate in obtaining the services of a cook, after a period of seventeen months without meals in the chapter house.

A number of the brothers have distinguished themselves recently, both scholastically, and in campus affairs. Dave McLimont was elected secretary-treasurer of his class in engineering, and also president of The McGill Players Club. Derek Edwards is president of The Institute of Chemical Engineers. Dave Townsend is making a name for himself on the senior football team. Three of the brothers have brought great credit to the house by winning scholarships for their university work last year. Two of them, Dave Hubel and Dave McLimont, are back at college this year, while Douglas Smith is in the army.

Five more brothers joined the army and navy during the summer. Robert L'esperance is a second lieutenant in the engineers; brothers Ned Mahon, Tom Ker, Colin Stairs, and Dave Armstrong are in the navy. We have received word that Bob Kingsland won the Distinguished Flying Cross overseas.

With meals in the chapter house, and a future active chapter of twenty-three, Epsilon Phi is in a good position for the college season. We are all confident that the coming semester will be an extremely successful one.

G. F. BASSETT
Associate Editor

ZETA ZETA University of British Columbia

The Zeta Zeta chapter began the fall term of the University 1944-45 Session with a strength of fifteen active brothers. Since then however the number has risen to seventeen with two of the alumni becoming active. Our president this year is Brother Alec McKenzie. Doug Jessop was invited to return to the active chapter and take over the position of Rushing Chairman. Consequently the rushing season was highly successful. We pledged seven men this term: the names follow: Gordon Kersey, Bud Fowler, Bill Bond, Gus Killis, Denis Prior, Norman Kent, Ken Lewis.

Gordon Kersey is a returned Paratrooper.

The Alumni Association has become organized again with the election of a complete executive. Brother Alec Fisher was unanimously elected president of the group. The policy of having Alumni-Active dinners every month has proved very successful in cementing relations between members of the alumni and the active chapter. We have news that Maj. Gen. Victor Odlum has returned from China where he is the Canadian ambassador. Brother Ed Davies has revisited the chapter. He is a returned man and a former member of Zeta Zeta having come here from Epsilon Phi.

The University of British Columbia has just installed a new Chancellor, Eric Hamber, and a new President, Dr. Norman McKenzie.

NORMAN M. ALFORD
Associate Editor

EPSILON NU Michigan State College

The progress of Epsilon Nu Chapter during these war times is unique but not unusual as shortly after our installation in April 1943 the 22 charter and then active members were practically all called to the armed services, leaving behind, but a few active students in college. These four or five augmented by seven alumni have carried on. While it is true our membership has grown from the

original 22 charter and 15 alumni initiated on April 17, 1943, to about 100 at present, those alumni (local) who can give much of their time to the chapter at present are as mentioned.

We do not anticipate it will be possible to enlarge our chapter for the present except by one or two boys a year as the intake of male students at Michigan State is very limited. They only have about 300 civilians now and expect about 125 more this fall although it's possible there will be about 800 rehabilitated soldiers sent here this year, which might be an extra source of membership for us.

The policy the chapter has adopted for the duration at least is to select and pledge very carefully, choosing only from the best. It is not possible for us to live in our home under these conditions as it would take at least 45 to 60 members to maintain this establishment properly, and as the Army has now withdrawn some of its chief Air Corps training courses from State, they no longer require the fraternity houses that were available for housing their men. We have now leased our house to the Gamma Phi Beta Sorority on a year to year basis, as Gamma Phi has just established a new chapter here and does not own property of its own at present.

RT. REV. HARRY BEAL, D.D., Beta '06

The Right Rev. Harry Beal, Beta '06, Episcopal Bishop of the Panama Canal Zone, died in Gorgas Hospital, Balboa, on November 22, 1944, after a brief illness. He was 59 years old.

He was born in Oneida, N.Y. After his graduation from Yale in 1906, he attended the Episcopal Theological Seminary, Cambridge, Massachusetts, from which he graduated in 1911. He was consecrated Bishop in 1936 while serving as dean of St. Paul's Cathedral, Los Angeles, and in 1937, went to the Canal Zone Missionary District, with headquarters at St. Luke's Cathedral, Ancon.

Brother Beal was a master at St. Paul's School, Concord, New Hampshire, from 1906 to 1908. He was ordained deacon in 1911 and the following year became a priest. His rectorships included the Church of the Messiah, Newton, and Grace Church, New Bedford, Massachusetts. He was dean of Holy Trinity Cathedral in Havana from 1923 to 1926, before going to St. Paul's Cathedral, Los Angeles. He declined election as Bishop of Honolulu in 1929.

Bishop Beal served as deputy to the General Conventions of the Episcopal

Church held in 1928, 1931 and 1934, and as president of the Los Angeles Council of Social Agencies in 1933-35. He was a member of the Sons of American Revolution and of Phi Beta Kappa.

2ND LT. JOHN RUSSELL BROWN, JR., Sigma '45

2nd Lt. John Russell Brown, Jr., was born September 9, 1922, at Chicago, Illinois. He attended the Winnetka (Ill.) Public Schools, and prepared for college at Culver Military Academy, Culver, Indiana, where he was a member of the boxing and cross-country teams, and an officer of the cadet corps.

He entered Brown University in September, 1941, and was initiated into the Sigma Chapter of Psi Upsilon fraternity in February, 1942. He left the University, September, 1942, to attend Culver Military Academy Junior College, for which he was still eligible, in order to take his fourth year of Senior R.O.T.C. He completed this course in June, 1943, and entered active service as 2nd Lieutenant of infantry on July 19, 1943. He received training and gave training at Ft. McCellan, Ft. Benning and Camp Robinson. He was detached from Camp Robinson in June, 1944, and went overseas about July 1, 1944. He was assigned to the 2nd Infantry Regi-

ment, Company E, which he joined in Normandy about July 27. This regiment is part of a division under the command of General Patton and partook in the sweep across northern France. Lt. Brown was first reported as being missing in action on September 13, 1944; later word from the War Department stated he had been killed in action in France on September 22, 1944.

JESSE G. CASTLE, Eta '28

Jesse G. Castle, Eta '28, died several months ago at the Mayo Clinic, Rochester, Minnesota, following an operation. He was 38 years old.

Brother Castle was the president of the Corson Manufacturing Company, printers and box manufacturers, Lockport, New York. He had been with the Company since his graduation in 1928 from Lehigh University, first as treasurer, and later, upon the death of his father seven years ago, succeeding him as president.

Brother Castle played a leading part in the industrial division of several War Bond drives in Lockport, and in promoting the sale of War Bonds through the payroll deduction plan. He was active in Community Fund drives and in Red Cross campaigns.

Interested in hunting and other sports, Brother Castle was a director of the National Pheasant Champion Field Trials. He was actively interested in the Y.M.C.A. and was a member of the Lockport Chamber of Commerce. He was a lifelong communicant of Grace Episcopal Church.

He is survived by his wife, two sons, a brother and a sister.

ADDISON CLARENCE DICKINSON, Iota '88

Addison C. Dickinson, Iota '88, owner and publisher of various newspapers during 55 years as a newspaper-

man, died on October 16, 1944, at Mercy Hospital, Mount Vernon, Ohio, of coronary thrombosis.

Brother Dickinson began his newspaper career in 1891, when, after a few years in banking at Cincinnati and in the fur business in Minneapolis, he entered the office of *The Republican*, which later became the *Mount Vernon (Ohio) News*. He became owner of that paper upon the death of his father-in-law and the latter's brother. He subsequently at various times was owner or part owner of the following papers: *Newark (Ohio) American Tribune*, *Sharon (Pennsylvania) Telegraph*, *New Castle, (Pennsylvania) Herald*, and an *Elyria, Ohio, paper*.

Born in Cincinnati in 1864, Brother Dickinson was a grandson of Governor R. M. Bishop of Ohio. He spent four years at Kenyon Military Academy and at Kenyon College. Later he was active in Kenyon alumni affairs.

Brother Dickinson was for years a vestryman of St. Paul's Church, Mount Vernon. He was a member of the Mount Vernon Chamber of Commerce and Kiwanis Club. He was twice married and twice widowed. A sister, two sons and a daughter survive him.

SYDNEY EDWIN JUNKINS, Zeta '87

Sydney Edwin Junkins, Zeta '87, railroad engineer, who directed major projects in this country and in Canada, died on October 3, 1944, at his home in Hanover, New Hampshire. He was 77 years old.

After his graduation from Dartmouth College, Brother Junkins spent several years as a consulting engineer. He became, in 1898, vice-president of Westinghouse, Church, Kerr and Company of New York, and later acting president. In that capacity he directed electrification of 108 miles of the Long

Island Railroad, and also directed work for the Pennsylvania Railroad.

In 1917 he formed his own company, the Sydney E. Junkins Company, of Winnipeg, Canada, and for many years was consultant to the Canadian Pacific Railway. He was in charge of tunneling the Connaught Tunnel on that line, and was also consultant for the Department of Public Works of the Dominion of Canada and for the same department in the Province of British Columbia. He retired in 1932.

For many years, as long as his health permitted, Brother Junkins attended each annual Convention of Psi Upsilon. At the Convention of 1938, held with the Iota Chapter, he inspired the presentation of a portrait of Richard Hovey, Zeta '85, which had come into his possession, to Dartmouth College by the Executive Council.

Surviving are his wife, a son, Edwin Page Junkins, Zeta '14, a daughter and a sister.

LT. JOHN E. M. LOGAN, Zeta Zeta '37

With profound sorrow the Zeta Zeta Chapter learned of the death of Lieutenant John E. M. Logan, '37, from wounds suffered during combat in France. Brother Logan was originally commissioned in the Cameron Highlanders in Ottawa and later transferred to take command of a troop in A Squadron of the Sherbrooke Fusilier Regiment which saw hard fighting in France after D-Day.

Prior to the war he was reading in law at Oxford University. In continuing his education abroad, he followed in the footsteps of his distinguished father, Lieut-Col. Harry T. Logan, Epsilon Phi '08, who was a Rhodes Scholar after his graduation from McGill University.

He is survived by his father, who is Principal of the Fairbridge Farm School in British Columbia and who was the

"Psi U Personality of the Month" in the June 1944 DIAMOND; his brother, Kenneth T. Logan, Zeta Zeta '44, an L.A.C. in the Royal Canadian Air Force in Calcutta; and his sister, Barbara, a graduate nurse.

ROBERT MINSHALL, Chi '17

Robert Minshall, Chi '17, passed away at his summer home in Nantucket on October 9, 1944. His death came about after a long illness which started with pneumonia in August. He is survived by his wife, Kathryne Terhune Minshall, and a son, Corp. Robert Minshall, Jr., of the Army. Services were held in New York City at Campbell's Funeral Home, Madison Avenue at 81st Street, on October 11. Many of his Cornell friends were present, including members of the Class of '17 and the Psi Upsilon Fraternity.

Mr. Minshall left Cornell in May of 1917 and joined the Army Air Corps. After training in this country, he was commissioned a Second Lieutenant and was a pilot in France. After his discharge from the Army, he entered the brokerage business in Wall Street and was first associated with Hemphill, Noyes and Company for many years, and for the past five years with Stillman, Maynard and Company, 61 Broadway, New York City.

1ST LT. ALFRED MARSTON SHEARER, JR., Phi '44

1st Lt. Alfred Marston Shearer, Jr., Army Air Corps, Phi '44, died on August 19, 1944, in Europe as the result of a fall.

Brother Shearer had served 10 months in the Southwest Pacific and, as navigator of a Liberator bomber, had been awarded the Air Medal and the Silver Star for his part in sinking enemy shipping while under attack by Japanese Zeros. He also shared in several Presidential unit citations.

Returning to this country for duty last summer, he remained here until May, when he was sent to the European theater, arriving in England on D-Day. He made several operational flights over Europe before being reported missing.

Born November 12, 1921, in the Philippine Islands, Brother Shearer entered the University of Michigan in 1940 and left in 1942 to join the Army, as his father, a member of the Class of 1918 at Michigan, had done in 1917. He was a life member of the Alumni Association of Psi Upsilon. Psi U relations are his father, Colonel Alfred M. Shearer, Phi '18, now in Europe, and two uncles, James Shearer, 2nd, Phi '08, and the late Harold H. Shearer, Phi '08.

**PFC. PAUL W. SNODGRASS, JR.,
Tau '45**

Pfc. Paul W. Snodgrass, Jr., Tau '45 was killed in action in France on Oc-

tober 8, 1944. He was serving with General Patton's Army, in the 318th Infantry, 80th Division.

Brother Snodgrass entered the Army in January, 1943, after completing a year and a half in the Wharton School, University of Pennsylvania. He had the previous fall won the competition for the Football managership but was in the Army by the beginning of the next semester. After his basic training he was appointed to the A.S.T.P. and completed three semesters of college work at Vanderbilt University, Nashville, Tennessee. At the abandonment of that program, he was re-assigned to the Infantry and went overseas in July of this year.

He was born in Olean, New York, March 14, 1924; attended and graduated from Olean High School in June, 1941, matriculating at Penn the following fall. His father is Paul W. Snodgrass, Pi '19.

OBITUARIES POSTPONED

The Editor regrets that space limitations make it necessary to postpone publication of obituary articles about the following Brothers: Lt. John Comerford, U.S.N.A.C., Chi '45, Robert Nelson Corwin, Beta '87, Cpl. Harold L. Cross, Jr., Kappa '37, Dr. Frederick Dillingham, Kappa '77, Henry C. Fabyan, Kappa '93, John Henry Goss, Beta '94, W.Off. David R. Graham, Zeta Zeta '42,

Lt. Frederick Fuller Kingsbury, Theta '41, Lt. James Wilcox Laggren, U.S.M.C., Xi '44, Clitus Henry Marvin, Iota '11, Lt. Frank B. Poole, Chi '37, Lt. Charles Frederick Rowland, Psi '42, Lt. Edwin Henry Sibley, Omega '37, 2nd Lt. Paul G. Thornton, Pi '38, Capt. Stephen Waterman, Sigma '86. These articles will appear in future issues.

CORRECTIONS

Toward the end of the Appreciation of Henry Richard Pattengill, Epsilon Nu '44, appearing on Page 28 of the November, 1944, issue of THE DIAMOND, the printer left out a significant line, which was: "On July 2nd of this year, this fine young Brother was killed in Normandy." We regret the omission, and take this opportunity to complete

the Appreciation as originally written.

We are happy to learn that Brother Henry R. DuBois, Theta '28, whose death was reported in the November, 1944, DIAMOND, is alive and well, and may be addressed at Newburgh, New York.
